

## 21.14.010 Neighborhood Commercial

(A) Purpose. The purpose of the Neighborhood Commercial (NC) zone is to provide for attractively designed small- to medium-scale shopping areas that offer convenience goods, professional and business services, and personal services for the daily needs of nearby neighborhoods and that serve as neighborhood gathering places. The intent is to promote compatibility with the neighborhood character and to reduce trip length and frequency by allowing only those uses that primarily serve the neighborhood and that do not have a tendency to draw traffic from outside the neighborhood. Location on transit routes and near pedestrian facilities and bike paths is intended to encourage transit use, walking, and biking and to promote convenient access within the shopping area and to and from the neighborhood. Neighborhood Commercial developments should be compatible in height, size, bulk, and design with adjacent residential uses. Mixed-use development is encouraged.

(B) Maximum Development Yield.

	Base	Bonuses Available, and Quantity	Maximum	
Floor area ratio (FAR)	0.60	None	0.60	<p>Example of a 2-story building with FAR = 0.60.</p> <p><i>Graphic is pending City Council adoption of updates to Neighborhood Commercial regulations, anticipated in Spring 2011.</i></p>
Height	2 stories	None	2 stories	

(C) Regulations Common to All Uses.

Regulation		Standard	Exceptions
Minimum	Lot frontage (ft)	80	
	Setbacks (ft) Front and street Side and rear	20 10	<p>1. As part of a binding site plan, site plan entitlement, or master planned development, required setbacks may be modified as follows:</p> <ul style="list-style-type: none"> <li>a. Side setback distances may be modified to permit a zero side setback to accommodate clustering</li> <li>b. Front setbacks may be modified from private streets and access corridors, provided front setbacks are maintained from all public streets</li> </ul> <p>Setbacks for structures abutting residential zones shall not be modified.</p> <p>2. Fences, landscaping, flagpoles, street furniture, transit shelters and slope stability structures are permitted in setback areas, provided that all other applicable requirements are met; no other structures, and no accessory structures are allowed in setback areas.</p> <p>3. Projections or equipment. Attached or detached mechanical structures or equipment, including but not limited to, electrical equipment boxes, heat pumps, air conditioners, emergency generators, and water pumps are allowed in a street setback. However, mechanical structures or equipment are not allowed in a required setback abutting a residential zone. Where there is no alternative location and the equipment will generate no noise, electrical or utility equipment boxes may be located in a setback abutting a residential zone.</p>
	Landscaping	25%	
Maximum	Impervious surface area	75%	
	Height (stories)	2	1. Maximum height in shoreline areas is 35 feet, except that structures, including bridges, that support a regional light rail transit system may be higher than 35 feet but shall be no higher than is reasonably necessary to address the engineering, operational, environmental, and regulatory issues at the location of the structure. (SMP)
	FAR	0.30	<p>1. All legal lots are entitled to 10,000 square feet GFA provided that other site requirements can be met.</p> <p>2. In mixed-use structures, maximum FAR for residential uses and for other uses in additive (i.e., up to 0.60).</p>

(D) Allowed Uses and Basic Development Standards. The following table contains the basic zoning regulations that apply to uses in the Neighborhood Commercial (NC) zone. To use the chart, read down the left-hand column titled "Use." When you have located the use that interests you, read across to find regulations that apply to that use. Uses are permitted unless otherwise specified in the Special Regulations column. Permitted uses may require land use permit approval. See RZC 21.76.020, Overview of the Development Process, for more information. Uses not listed are not permitted.

Section	Use	Parking ratio: unit of measure (required, allowed )	Special Regulations
<b>Residential</b>			
1	Mixed-use residential structure	Studio (1.2, 1.2) 1 bdrm (1.5, 1.5) 2 bdrm (1.8, 1.8) 3+ bdrm (2.0, 2.0)	
<b>General Sales or Service</b>			
2	Automobile sales, service, or rental establishment	1,000 sq ft gross floor area (4.0, 5.0)	1. Gasoline service only – no other uses permitted. 2. Gasoline service permitted only when three sides of site abut nonresidential zone. 3. Hours of operation may be limited if residential uses located in upper stories of same building. 4. Limited to 5,000 square feet gross floor area per establishment in mixed-use or multi-tenant building.
3	Consumer goods sales or service, other than heavy or durable		1. Hours of operation may be limited if residential uses located in upper stories of same building 2. Limited to 5,000 square feet gross floor area per establishment in mixed-use or multi-tenant building.
4	Grocery, food, beverage, and dairy		
5	Health and personal care	1,000 sq ft gross floor area (4.0, 5.0)	1. Hours of operation may be limited if residential uses located in upper stories of same building. 2. Limited to 5,000 square feet gross floor area per establishment in mixed-use or multi-tenant building.
6	Finance and insurance		1. Hours of operation may be limited if residential uses located in upper stories of same building. 2. Limited to 5,000 square feet gross floor area per establishment in mixed-use or multi-tenant building. 3. Drive thru facilities prohibited.
7	Real estate services		1. Self-storage facilities prohibited.
8	Professional services		1. Limited to 5,000 square feet gross floor area per establishment in mixed-use or multi-tenant building.
9	Full-service restaurant	1,000 sq ft gross floor area (9.0, 9.0)	1. Drive-thru facilities prohibited. Hours of operation may be limited if residential uses located in upper stories of same building. 2. Limited to 5,000 square feet gross floor area per establishment in mixed-use or multi-tenant building.
10	Cafeteria or limited-service restaurant	1,000 sq ft gross floor area (10.0, 10.0)

Section	Use	Parking ratio: unit of measure (required, allowed )	Special Regulations
25	Ambulatory and outpatient services	1,000 sq ft gross floor area (4.0, 5.0)	1. Limited to 5,000 square feet gross floor area per establishment in mixed-use or multi-tenant building
26	Social assistance, welfare, and charitable services	Adequate to accommodate peak use	1. Excludes day care centers
27	Day care center		1. Hours of operation may be limited if residential uses located in upper stories of same building 2. Limited to 5,000 square feet gross floor area per establishment in mixed-use or multi-tenant building 3. Play equipment shall be located no less than 10 feet from any property line 4. Shall not be located closer than 300 feet from existing day care operation in residential zone
<b>Other</b>			
28	Water enjoyment use	Adequate to accommodate peak use	1. Only allowed in the Bear Creek shoreline jurisdiction downstream of Avondale Road on Union Hill Road, Redmond Way, or SR 520; and, in the Sammamish River shoreline jurisdiction at NE 85 <sup>th</sup> Street or NE 90 <sup>th</sup> Street.
29	Kiosk		1. Limited to uses associated with water enjoyment within the shoreline jurisdictions of Bear Creek and the Sammamish River.
30	Vending cart		2. Shall not locate in required parking, landscaping, or drive aisle area, or any area that would impede emergency access. 3. Shall not reduce or interfere with functional use of walkway or plaza to below standards of Americans with Disabilities Act. 4. Structures shall be secured to prevent tipping and endangering public safety. 5. Maximum size is six feet wide by ten feet long. 6. Administrative design review required for structures.
31	Drive-up stand	1,000 sq ft gross floor area (4.0, 5.0)	1. Limited to uses associated with water-enjoyment within the shoreline jurisdictions of Bear Creek and the Sammamish River. 2. Shall not locate in required parking, landscaping, or drive aisle area, or any area that would impede emergency access. 3. Shall not reduce or interfere with functional use of walkway or plaza to below standards of Americans with Disabilities Act. 4. Structures shall be secured to prevent tipping and endangering public safety. 5. Maximum size is six feet wide by ten feet long. 6. Administrative design review required for structures. 7. Must submit circulation plan addressing queuing.

(E) Cross-references. For information on how to measure various site requirements like height and setbacks, see RZC 21.16.010, Site Requirements How-To. See RZC 21.16.020, Other Applicable Regulations, for information on other standards that may apply to you.

## 21.14.020 General Commercial

(A) Purpose. The purpose of the General Commercial (GC) zone is to provide for retail and service businesses that serve community needs and that are better suited for locations outside of the Downtown, Overlake, or Neighborhood Commercial zones. These uses are more land intensive, serve travelers, or offer warehouse sales and sales of larger goods that make location in the Downtown, Overlake, or Neighborhood Commercial zones undesirable. Examples of such uses include, but are not limited to, large-box retail, vehicles sales and service, mini-warehouses, rental services, wholesale uses, and other similar uses. Mixed-use development is also allowed.

(B) Maximum Development Yield.

	Base	Bonuses Available, and Quantity	Maximum	Example of a 3-story building with FAR = 1.15	Example of 4-story building with FAR = 1.60.
Floor area ratio (FAR)	1.15	TDRs: 0.45 GBP: 0.45	1.60		
Height	3 stories	TDRs: 1 story GBP: 1 story	4 stories		

(C) Regulations Common to All Uses.

	Regulation	Standard	Exceptions
Minimum	Lot frontage (ft)	30	
	Setback (ft) Front Street	10 10	<ol style="list-style-type: none"> <li>1. A 10-foot rear and side setback shall apply if a structure abuts property in a residential zone</li> <li>2. As part of a binding site plan, site plan entitlement, or master planned development, required setbacks may be modified as follows:               <ol style="list-style-type: none"> <li>a. Side setback distances may be modified to permit a zero side setback to accommodate clustering</li> <li>b. Front setbacks may be modified from private streets and access corridors, provided front setbacks are maintained from all public streets.</li> </ol> </li> <li>3. Fences, landscaping, flagpoles, street furniture, transit shelters and slope stability structures are permitted in setback areas, provided that all other applicable requirements are met; no other structures, and no accessory structures are allowed in setback areas.</li> <li>4. Projections or equipment. Attached or detached mechanical structures or equipment, including but not limited to, electrical equipment boxes, heat pumps, air conditioners, emergency generators, and water pumps are allowed in a street setback. However, mechanical structures or equipment are not allowed in a required setback abutting a residential zone. Where there is no alternative location and the equipment will generate no noise, electrical or utility equipment boxes may be located in a setback abutting a residential zone.</li> <li>5. Setbacks may be reduced by 50% if located adjacent to a non-residential zone and reduced by 25% if located adjacent to a residential zone through the GBP.</li> </ol>
	Landscaping	25 percent	
Maximum	Impervious surface area	75 percent	
	Height	Varies	<ol style="list-style-type: none"> <li>1. Maximum height in shoreline areas is 35 feet, except that structures, including bridges, that support a regional light rail transit system may be higher than 35 feet but shall be no higher than is reasonably necessary to address the engineering, operational, environmental, and regulatory issues at the location of the structure. (SMP)</li> <li>2. Maximum height for mixed-use structures is 3 stories without TDRs or GBP and 4 stories with TDRs or compliance with the GBP.</li> </ol>
	FAR	Varies	<ol style="list-style-type: none"> <li>1. In mixed-use structures, maximum FAR for residential uses and for other uses is additive (i.e., up to 1.15 without TDRs or GBP and up to 1.60 with TDRs or compliance with the GBP.).</li> <li>2. All legal lots are entitled to 10,000 square feet GFA without the use of TDRs provided that other site requirements can be met.</li> </ol>

(D) Allowed Uses and Basic Development Standards. The following table contains the basic zoning regulations that apply to uses in the General Commercial (GC) zone. To use the chart, read down the left-hand column titled "Use". When you have located the use that interests you, read across to find regulations that apply to that use. Uses are permitted unless otherwise specified in the Special Regulations column. Permitted uses may require land use permit approval. See RZC 21.76.020, Overview of the Development Process, for more information. Uses not listed are not permitted.
