

Community Stakeholder Meeting – September 8, 2011

Staff met with three community members to learn about interest in stewardship and public partnership regarding amendments to Redmond’s allowance of chicken husbandry. Their suggestions included:

- Partnership with the local 4-H group, Redmond Better Basics
 - Inviting 4-H participants to assist as community (chicken) ambassadors
- Promoting best management practices through the existing chicken community such as the “Chickens in Redmond” Facebook and the Impact Redmond community blog
- Hosting a country fair component of Derby Days/Eco Fair
- Partnership with LWSD regarding educational opportunities in elementary schools
- Producing articles for Redmond’s FOCUS magazine
