Permitted uses include massage, sauna and steam baths or other related services. A spa facility ~~must be~~ ~~may not be at~~ less ~~than~~ 1,000 gross square feet in size.

MEDICAL DIAGNOSTIC AND SHORT-TERM TREATMENT FACILITY

Medical diagnostic and short-term treatment facilities provide emergency, diagnostic and other professional medical services to patients on a short-term basis, not to exceed 24 hours in length. Such facilities require large floor plates or parcels and vehicular access to major transportation corridors.
