

Redmond Fire Department Fire Alarm Submittal Checklist For Quick Start Permits

This checklist must be completed and submitted along with all Quick Start Fire Alarm Permit Applications.

To qualify for a **Quick Start** permit the system must have a current UL Certificate or FM Placard, and the proposed changes involve 25 devices or less, and may include a remote power supply.

One set of reference plans shall be submitted in a minimum 8 ½" x 11" format. The Designer of Record must oversee the design and stamp each sheet of the submittal.

Any modification to a UL Certificated or an FM Placarded system may require an updated certificate or placard to be issued.

The submittal shall include:

- Copy of UL certificate or, or
- Copy of FM placard
- A description, the location, and the scope of the project.
- One (1) plan set for field reference.
- One (1) set of manufacturers specification sheets on all equipment to be used.
Clearly mark the specific model of equipment used.
- A list of the contractually responsible parties:
 1. Monitoring, retransmission of signals, associated record keeping and recording of signals
 2. Installation
 3. Testing and Maintenance
 4. Runner Service

I VERIFY THAT THE SYSTEM HAS BEEN DESIGNED AND WILL BE INSTALLED IN ACCORDANCE WITH THE REQUIREMENTS OF NFPA 72 AND RFD STANDARD 9.00.
