June 8, 2020

### MEETING AGENDA

1. **Welcome by Chair John Scrugham (6:30 pm)**
2. **Proposed Use of Thermoplastic Color Treatments at Selected Redmond Crosswalks:** Senior Engineering Technician Yuri Bergeron (Redmond Public Works) will give an overview of crosswalk color treatments, with Q&A following his presentation. Staff will seek feedback from the Committee on general support for this type of treatment and what could help make it effective if it were to be piloted in the City. See attachment B for examples of Color Treatments in other communities in the region. (6:40-7:10 pm)
3. **Updates: (7:10-7:45 pm)**
  - a. Infrastructure projects
    - i. 40<sup>th</sup> St Shared Use Path
    - ii. Overlake Village Pedestrian Bicycle Bridge
    - iii. Sammamish River Trail and Lake Hills/NW Sammamish Sewer Upgrade Project
  - b. Planning processes
    - i. North South Corridor Study
  - c. Go Redmond (**New Standing Item**)
4. **Other Items for the Good of the Order (7:45 pm)**

Attachment A – Meeting Notes from May 11, 2020

Attachment B – Crosswalk Color Treatments

**The next meeting is scheduled for Monday, July 8, 2020. The meeting will feature a Briefing on ST3-Downtown Redmond Link Extension.**
