

**INTERGOVERNMENTAL AGREEMENT  
BETWEEN**

City of Spokane, WA Spokane Police Department  
And other members of the ARREST Consortium:

City of Airway Heights WA and its Police Department  
City of Cheney WA and its Police Department  
City of Coeur d' Alene ID and its Police Department  
Kootenai County ID and its Sheriff Office  
City of Liberty Lake WA and its Police Department  
City of Medical Lake WA and its Police Department  
Spokane County WA and its Sheriff Office  
Bonner County ID and its Sheriff Office

AND

CITY OF Redmond, WA Redmond Police Department  
City of Duvall, WA and its Police Department  
City of Carnation, WA and its Police Department  
by and through the Redmond Police Department

FOR SHARING LAW ENFORCEMENT INFORMATION

**ARTICLE I PARTIES, GENERAL**

A. PARTIES: This Intergovernmental Agreement is made and entered into this 2 day of JUNE, 2009, by and between the City of Spokane, a municipal corporation of the State of Washington, by and through the City of Spokane Police Department (hereafter called "SPD") the City of Redmond, a municipal corporation of the State of Washington, by and through the City of Redmond Police Department (hereafter called "REDMOND").

B. ADDITIONAL PARTIES; ARREST CONSORTIUM: Additional parties hereto are the participants in the Automated Records Retrieval and Electronic Sharing Technology consortium (hereinafter called "ARREST"). ARREST is a consortium of Inland Northwest Law Enforcement agencies organized to share law enforcement information using "COPLINK". ARREST participants have entered into a Memorandum of Understanding (MOU), a copy of which is attached as EXHIBIT A hereto and incorporated herein.

C. ADDITIONAL PARTIES; REDMOND: Additional parties hereto are the City of Carnation Police Department and City of Duvall Police Department, who contract with city of Redmond for police services. Carnation and Duvall have entered into an interlocal agreement, a copy of which is attached as EXHIBIT B hereto and incorporated herein.

D. LEGAL BACKGROUND: SPD and other ARREST members, pursuant to the ARREST Memorandum of Understanding, and REDMOND, desire to enter into this agreement on behalf

of their various law enforcement agencies with respect to the sharing of certain law enforcement information. City of Redmond and contracted agencies are empowered by RCW 35A.12.020 to maintain a Police Department and are authorized to contract by charter 2.02 of the Redmond Municipal Code. SPD and ARREST members likewise are empowered to maintain law enforcement agencies and participate in information sharing agreements of the subject matter herein. SPD is a Washington Public Law Enforcement Agency, and the other ARREST members are likewise Washington Law Enforcement Agencies or Law Enforcement Agencies of the State of Idaho, and this Agreement has been approved by the City of Spokane Administrator and the Governing Bodies of the ARREST Consortium on behalf of the other ARREST members. REDMOND PD is a Washington Public Law Enforcement Agency, and contracted Agencies, Carnation PD and Duvall PD are likewise Washington Law Enforcement Agencies, and this Agreement has been approved by the City of Redmond City Council, And the councils of the Cities of Carnation and Duvall.

E. PUBLIC SAFETY FINDING: The governing bodies of the parties to this agreement mutually find that implementation of this Intergovernmental Agreement will substantially further and support the public safety, health, and welfare.

## ARTICLE II. PURPOSE; SYSTEM

A. PURPOSE: The purpose of this agreement is to enhance the effectiveness of law enforcement by increasing information sharing related to crime and criminal activities.

B. SPD and REDMOND have established COPLINK nodes as a method of sharing law enforcement information that permits electronic access to confidential law enforcement information maintained by other law enforcement agencies. Generally, the information involved is information that cannot presently be easily accessed by anyone outside of the agency holding the information.

C. SYSTEM: The system that has been developed is being implemented throughout the United States. The system will consist of centralized node agencies in specific geographic areas, each of which will connect local member agencies to the system. Through the system, member agencies will have access to the above referenced information from all other member agencies.

D. ARREST NODE: This agreement adds ARREST as a node agency, and existing agreements with law enforcement agencies in its geographic area as member agencies, to share law enforcement information controlled by the SPD node and to have access to information from other member agencies available through other nodes.

### ARTICLE III. DEFINITIONS

- A. "Licensed software" means all computer programs and the supporting agreement between SPD, REDMOND PD, and Knowledge Computing Corporation.
- B. "COPLINK" means the CONNECT and DETECT software application modules and any other application modules licensed to the agencies by Knowledge Computing Corporation under the name COPLINK.
- C. "Member agency" means any law enforcement, public safety, or criminal justice agency that has entered into an agreement with the City of Redmond or ARREST to share law enforcement information using COPLINK.
- D. "Knowledge Computing Corporation" (hereinafter KCC) means a corporation with its principal place of business at 7750 E. Broadway Blvd., Suite 100, Tucson AZ. 85710, who is the owner and developer of COPLINK.
- E. "Data Repository" means the web servers, database servers, and backend databases maintained by ARREST and Redmond to facilitate the sharing of law enforcement information between them and other member agencies.
- F. "Node agency" means the controlling agency in each geographic area.
- F. "Background screening" means a background investigation that is fingerprint-based including checks of both the state and national criminal history repositories. If a felony conviction of any kind is found, access to COPLINK shall not be granted.

### ARTICLE IV. EFFECTIVE DATE AND TERM

This agreement will become effective on the date that is executed by all Agency Parties. The ARREST members all operate through the City of Spokane, SPD for purposes of this Agreement. The agreement shall continue in force until either REDMOND or SPD provides sixty (60) days prior written notice to the other of its intent to terminate the other agency's access to its records through the methods provided in this agreement.

## ARTICLE V. DATA ACCESS AND SECURITY REQUIREMENTS

- A. Data Access: Access to law enforcement information under this Agreement will be provided utilizing the 1) TCP/IP communications protocol over a network segment maintained by REDMOND, ARREST, or any other secure network configuration that is mutually acceptable to the member agencies. The law enforcement information residing in the COPLINK data repositories hosted by the agencies shall be available on a 24-hour a day, 7 days a week basis, with downtime limited to those hours required for any necessary system maintenance activities. Agencies agree to inform each other in advance, whenever possible, of scheduled system downtimes.
- B. Data Sharing: COPLINK data will be shared with member agencies that have entered into an agreement with a node agency. No member or node agency will share information gained through this system with an agency that is not a member agency, except by permission of the agency originating the information.
- C. Security Requirements: Member and node agencies agree to enforce and maintain security requirements for COPLINK systems and networks as specified in the Technical Requirements Section of the Federal Bureau of Investigation's Criminal Justice Information Systems Security Policy. Exceptions to the above policy shall not be implemented by any member agency without the approval of all node agencies.
- D. Limitation of use: Member and node agencies acknowledge that the law enforcement information hosted in the COPLINK data repositories shall be used for law enforcement purposes only, and that only law enforcement agency employees that have passed a background screening will be allowed access to the COPLINK system.
- E. If at any time any member agency violates the requirements of this agreement with regard access to or sharing of information, the node agency connecting that member agency may disconnect the member agency. Except in the case of a critical emergency, access shall not be terminated by a node agency until the offending member agency has been provided with sixty days written notice of the violation and the opportunity to correct the violation.
- F. If at any time any member agency believes that another agency is allowing unauthorized access to or use of the member agency's data, the member agency may withdraw from the shared data system. Except in the case of a critical emergency, a member agency shall not withdraw from the system until the offending agency has been provided with sixty days written notice of the violation and the opportunity to correct the violation.
- G. All disputes concerning access shall be determined by agreement among the node agencies. In the absence of agreement, the data-sharing link of the offending agency shall be terminated.

## ARTICLE VI. INFORMATION OWNERSHIP, RELEASE AND ACCURACY

- A. Control and Release Constraints: Member and node agencies retain control of all of information they provide through the system at all times. Any request for access to information hosted in COPLINK Data Repositories that is not authorized under current agreements will be referred to the agency originating the information being requested. Except as required by law, information shall not be made available to any unauthorized requestor without the approval of the originating agency.

Information Accuracy: Agencies acknowledge that the law enforcement data maintained in the COPLINK data repositories consists of information that may or may not be accurate. Each agency is responsible for its own negligence and participates in this Agreement at its own risk. Each agency releases the other from errors or inaccuracies in the data, but this shall not create any indemnification against third party claims. Due to potential inaccuracies, any data obtained from the COPLINK repositories should be verified through original documentation prior to taking law enforcement action.

## ARTICLE VII. FINANCIAL CONSIDERATIONS

Each node and member agency is responsible for the cost of acquiring and maintaining the necessary hardware and licensed software to participate in this system. Nothing included in this agreement requires any agency to fund the activities of any other agency.

Node and member agencies may individually apply for grant funding for this system but such arrangements and the use of any funds arising from grants are outside the scope of this Agreement.

## ARTICLE VIII. METHOD OF EXECUTION

This agreement may be executed in one or more identical counterparts each of which shall be deemed an original, but all of which taken together shall constitute one agreement.

ARTICLE IX NOTICE

Any notice given pursuant to this contract shall be in writing and shall be considered to have been given when actually received by the following addresses or their agents or employees:

City of Redmond  
Redmond Chief of Police  
Redmond Police Department  
8701 160<sup>th</sup> Avenue NE  
PO Box 97010  
Redmond, WA 98073-9710

and

ARREST Consortium  
C/o Spokane Police Department  
City of Spokane  
Spokane Chief of Police  
1100 W. Mallon Avenue  
Spokane, WA 99260-0001

IN WITNESS WHEREOF, the chief law enforcement officer or chief executive officer of the parties hereto have given their respective consents and the parties hereto have executed this agreement by and through their respective officers duly authorized.

To Form Consortium For Sharing Law Enforcement Information

This Memorandum of Understanding for Sharing Law Enforcement Information, (hereinafter called "MOU"), is made and entered into this 2 day of JUNE,

*2009* *(18)* 2007 (the "Effective Date"), by and between the following law enforcement agencies: Cheney Police Department; Medical Lake Police Department; Airway Heights Police Department; Spokane County Sheriff Office; Spokane Police Department; Liberty Lake Police Department; Post Falls Police Department; Coeur d'Alene Police Department; Kootenai County Sheriff Office.

The law enforcement agencies above are interchangeably referred to in this MOU as "AGENCIES" or as "ARREST Consortium" and individually as "AGENCY."

**RECITALS**

**WHEREAS**, the above listed AGENCIES desire to share law enforcement information held by each AGENCY under the conditions set forth in this MOU in order to improve their responses to community crime and enhance overall investigative capacity; and

**WHEREAS**, the AGENCIES desire to facilitate the sharing of law enforcement information using a commercially available system through which each AGENCY will allow access to their law enforcement information and be allowed access to the other AGENCIES' law enforcement information; and

**WHEREAS**, the Chiefs and Sheriffs of the above listed AGENCIES endorse, agree and support a proposed project to share law enforcement information among the AGENCIES; and

**WHEREAS**, the Spokane Police Department has agreed to provide funding for the initial connection to the central node for each of the participating AGENCIES, and all first year maintenance costs to Knowledge Computing;

**THEREFORE**, the AGENCIES hereby agree to the following:

**AGREEMENT**

**IT IS HEREBY AGREED**, by and between the AGENCIES as follows:

**0.0 Definitions:**

- 0.1 **ARREST**: Automated Records Retrieval and Electronic Sharing Technology consortium (Consortium name). A consortium of Law Enforcement Agencies as listed above who desire to share law enforcement information among themselves and with any new entities that seek to join the consortium.
- 0.2 **COPLINK**: Shall refer to and mean the CONNECT, DETECT, VISUALIZER, AND AGENT application modules and any other application modules licensed to the Spokane Police Department by Knowledge Computing Corporation as part of the COPLINK system.
- 0.3 **COPLINK Node**: shall refer to a complete COPLINK system that will be housed at the Spokane Police Department, that receives law enforcement information from all of the AGENCIES and makes it available to authorized users.
- 0.4 **Knowledge Computing Corporation**: An Arizona corporation with its principal place of business at 6601 East Grant Road, Suite 201, Tucson, Arizona 85715, and the owner and developer of COPLINK.
- 0.5 **Data Repository**: Shall refer to the web servers, database servers, and backend databases maintained by the Spokane Police Department to facilitate the sharing of law enforcement information between the AGENCIES and other law enforcement agencies that may enter into subsequent agreements with the AGENCIES.
- 0.6 **Associate Members**: Associate members shall be defined as non voting agencies that share a common records management system with one or more of the member agencies, contribute data to said system, but do not hold or support that data. Associate members shall participate only upon approval of governance board, and will be listed in a separate document as an addendum to this MOU. Because associate members contribute data to the records management system, and from time to time may need the services of the COPLINK system, they will be allowed to go to one of the members which they share a records management system for permission to use the COPLINK system. The member agency, which sponsors the associate agency, will be responsible for paying the associate agency's annual maintenance fees.
- 0.7 **Full Voting Members**: Full voting members are those AGENCIES that sponsor, maintain and are financially responsible for cost of maintaining records management system to be integrated into COPLINK system. The heads of those agencies make up the governing board (see 4.1).
- 0.8 **Peace Officer**: Peace officer means a general authority commissioned law enforcement officer as defined by RCW 10.93 and commissioned peace officer as defined in Idaho Code.
- 0.9 **Field Contact Data**: Non-verified or anonymous information or reports of criminal activity or association.

## **1.0 Effective Date and Term of MOU, Additional Members**

- 1.1 **Effective Date**: The effective date of the MOU shall be the date first written above. As among the original AGENCIES, this MOU shall become effective when the duly authorized representatives of each AGENCY have all signed it. For AGENCIES who subsequently join, this MOU shall become effective for those agencies when they have agreed to the terms of this MOU, completed and signed onto this MOU by the joining party's duly authorized representative and countersigned by the representatives of the consortium authorized to do so under ARREST Governance procedures.
- 1.2 **Term**: The term of this MOU shall commence upon the Effective Date, and shall continue until any AGENCY provides (30) days prior written notice to the other AGENCIES of its intent to

terminate the other AGENCIES' access to its records (law enforcement information). This agreement shall remain in effect for the remaining AGENCIES.

- 1.3 **Modifications:** This MOU may be modified upon the mutual written consent of the duly authorized representatives of all AGENCIES. However, the AGENCIES may, without the need of formal MOU modification, cooperatively address and resolve administrative, technical, and operational details relating to this MOU, provided that any such resolution does not conflict with the spirit, intent, or provisions of this MOU.
- 1.4 **Additional ARREST Member Agencies:** From time to time, additional AGENCIES may wish to join the ARREST consortium in order to share their data and enjoy the benefits of the ARREST system. Prior to being included in the ARREST system, new Agencies must agree to the terms of this MOU and any subsequent rules or agreements promulgated by the Consortium.

## 2.0 Agreement to form Consortium

- 2.1 **Purpose:** The AGENCIES hereby agree to form a consortium for the purpose of sharing law enforcement information among themselves, and with such other entities as may be designated from time to time by a majority vote of the AGENCIES.
- 2.2 **Name:** The Consortium shall be known as the *Automated Records Retrieval and Electronic Sharing Technology consortium (ARREST)*.
- 2.3 **Fiscal Agent:** The AGENCIES agree that the Spokane Police Department shall be the fiscal agent for the Consortium.

## 3.0 Contributions

- 3.1 **Financial Support:** Each of the AGENCIES will contribute a share of any required financial support (maintenance costs) to continue the operation of ARREST. The individual AGENCY share shall be determined using a flat fee per fulltime commissioned peace officer personnel authorized to each AGENCY. As an example, if Agency "A" is authorized 20 commissioned peace officers then the contribution from Agency "A" will be 20 times \$\$. \$\$ (fee determined by governance board). Maintenance costs are to be defined as fees incurred to purchase ongoing maintenance and support services from Knowledge Computing for COPLINK and Data Repository, and fees to sustain COPLINK Node, as agreed upon by the ARREST Consortium Board.
- 3.2 **Department Staff:** Each AGENCY shall appoint one member who will act as the ARREST Consortium liaison.

## 4.0 Governance

- 4.1 **Authority:** ARREST is established by this Memorandum of Understanding (MOU), signed by participating agencies in accordance with federal, state, and local laws governing law enforcement information and information systems.
- 4.2 **Representation/Decision Making:**

The head of each agency, or their designee, shall represent that agency as the voting member of the ARREST Consortium. The ARREST consortium shall have authority to resolve disputes arising under this MOU.
- 4.3 **The ARREST Consortium shall elect, by a majority vote, a chair and a vice chair, each for a period of twelve months. .**
- 4.4 **Duties:** The ARREST Consortium shall approve the creation, change and rescission of security directives and other applicable policies, as needed to ensure the system protects the confidentiality of information in compliance with state and federal laws and the provisions to the MOU. (See separate Security Directives Policy).

## 5.0 Data Access and Security Requirements

- 5.1 **Data Access:** Access to AGENCIES' law enforcement information will be provided over a network segment maintained by the individual AGENCY. AGENCIES further agree to make the law enforcement information residing in the COPLINK node hosted by the Spokane Police Department available on a 24-hour a day, 7 days a week basis with downtime limited to those hours required for any necessary system maintenance activities. AGENCIES agree to inform each other in advance, whenever possible, of scheduled system downtimes.
- 5.2 **Data Sharing:** COPLINK data contributed by each AGENCY will be shared with all AGENCIES that have entered into this Agreement. The AGENCIES agree not to facilitate information sharing between law enforcement entities via ARREST that have not entered into agreements allowing such sharing.
- 5.3 **Security Requirements:** AGENCIES agree to enforce and maintain security requirements for COPLINK systems and networks as specified in the Security Directives Policy. The Security Directives Policy will be agreed upon by all consortium members before full implementation begins .

AGENCIES further agree that the law enforcement information hosted in the COPLINK node shall be used for law enforcement purposes only, and that only law enforcement agency employees that have been subject to background screening will be allowed access to the COPLINK system. Background screenings must be fingerprint-based including checks of both the state and national criminal history repositories. If a felony conviction of any kind is found, access to COPLINK shall not be granted.

## 6.0 Information Ownership, Constraints on Release and Accuracy:

- 6.1 **Ownership and Release Constraints:** AGENCIES shall maintain ownership of all of their information at all times. Any requests for access to information hosted in COPLINK Data Repository that is not authorized under current agreements between the requestor and the owner(s) of the information will be referred to the owner(s) of the information being requested. Information shall not be made available to any unauthorized requestor without the approval of its owner or owners. AGENCIES agree that the restriction established by this provision shall not apply when responding to orders of the Court.
- 6.2 **Information Accuracy:** AGENCIES agree that the law enforcement data maintained in the COPLINK data repository consist of information that may or may not be accurate. To the extent permitted by law, each AGENCY agrees to indemnify and hold harmless other AGENCIES, its appointed or elected officials, employees, officers, agents, and/or representatives, from claims, actions, injuries, damages, losses, or costs, including attorney fees, arising or alleged to have arisen directly or indirectly out of or in consequence of the performance of this MOU and for acts or omissions in the collection, sharing, and access/dissemination of ARREST information. AGENCIES agree to hold harmless other AGENCIES from any damages, fees, or injury that may arise due to the inaccuracy of any information they have submitted.

## 7.0 Benefits to Consortium Members:

- 7.1 **Data Links:** ARREST will provide solutions to the problem of inaccessible or irretrievable information as a result of disparate law enforcement information systems that lack a common language or platform and the difficulty in sharing information across jurisdictional boundaries.

- 7.2 **Analysis:** ARREST will provide sophisticated analytical tools to enable investigators to discover links and relationships in the consolidated data that may allow them to solve previously “unsolvable” incidents and prevent serial criminal activity.
- 7.3 **Ease of Use:** ARREST will enable law enforcement personnel to use a graphical user interface that is intuitive and requires limited training even for individuals that are not computer literate.

## Attachment B

## AGREEMENT RELATED TO COPLINK INFORMATION SHARING

This is an Agreement between the Redmond Police Department and Duvall/Carnation Police Department.

### RECITALS

- A. Duvall/Carnation is located within King County, and Duvall/Carnation has the authority and responsibility to provide police protection for its citizens. Redmond has established and maintains a Police Department which routinely provides law enforcement services to the citizens of the City of Redmond, including without limitation communication functions inherent in the provision of law enforcement (hereinafter "communication law enforcement service").
- B. Redmond currently provides dispatch services for Duvall/Carnation. Data from Duvall/Carnation is stored in the Spillman CAD/RMS system maintained by the Redmond Police Department.
- C. Redmond currently uses Coplink to analyze data from the Spillman CAD/RMS system.
- D. Redmond is under negotiation to share data via Coplink with other agencies, including Spokane.
- E. Under the current configuration, any agency which Redmond connects to via Coplink will have access to the data of Duvall and Carnation.

In consideration for the promises set forth herein the parties agree as follows:

### 1. DUVALL'S RESPONSIBILITIES

- 1.1 Acknowledge that Duvall/Carnation data will be visible to other law enforcement agencies.
- 1.2 Negotiate directly with Knowledge Computing Company if Duvall/Carnation wishes to participate actively in the use of the Coplink program.

### 2. REDMOND'S RESPONSIBILITIES

- 2.1. MOU's with partnering agencies for purposes of sharing data via Coplink.

### 3. TERM

- 3.1 *This agreement is effective on March 11, 2009 for an indefinite term unless otherwise rescinded.*

**4. INDEMNITY**

4.1 Redmond will protect, defend, indemnify, and save harmless Duvall, its officers, employees, and agents from any and all costs, claims, judgments, or awards of damages arising out of or in any way resulting from the negligent or intentional acts or omissions of Redmond, its officers, employees, or agents in sharing information received via Coplink with Duvall and in sharing information received from Duvall with Coplink. Redmond agrees that the obligation to indemnify, defend, and hold harmless Duvall and its agents and employees under this provision extends to any claim, demand, or cause of action brought by or on behalf of any employee of Redmond against Duvall, its officers, agents, or employees and includes any judgment, award, and cost arising therefrom, including attorneys' fees.

4.2 Duvall will protect, defend, indemnify, and save harmless Redmond, its officers, employees, and agents from any and all costs, claims, judgments, or awards of damages arising out of or in any way resulting from the negligent or intentional acts or omissions of Duvall, its officers, employees, or agents in providing information to Redmond that will be shared with others via Coplink and in using information received by Redmond via Coplink and transmitted to Duvall, including, but not limited to, claims, judgments, and awards arising from the inaccuracy of any information provided by Duvall to Redmond and shared with others via Coplink and claims, judgments and awards arising from improper disclosure or use of information received by Redmond via Coplink and shared with Duvall. Duvall agrees that its obligations under this provision extend to any claim, demand, or cause of action brought by or on behalf of any employees of Duvall against Redmond, its officers, agents, or employees and includes any judgment, award, and cost arising therefrom, including attorneys' fees.

**5. ENTIRE AGREEMENT/MODIFICATION**

5.1 This Agreement is intended to express the entire agreement of the parties, and may not be altered or modified in any way unless such modification is reduced to writing, signed by both parties, and affixed to this original agreement.
