5.0 PROJECT BUDGET, FUNDING, AND REIMBURSEMENT

5.1 Estimated Project Costs

Cost estimates for the various elements of the Work are attached as Exhibit B to this Agreement and incorporated herein by reference. The amounts set forth in Exhibit B reflect the Parties' best estimates of the amounts that may be required to accomplish the Work, and the allocation of these amounts to each Party. Actual amounts reimbursable under this Agreement shall be based on actual work performed under this Agreement and made pursuant to its reimbursement provisions. In the event it is determined that the City has accomplished its portion of the Work for a lesser amount than identified in this Agreement, Sound Transit shall pay only for documented costs. In no event shall the City be paid for costs that are not documented pursuant to the requirements of this Agreement.

5.2 Project Cost Sharing

The Parties agree to share the costs of the Work as follows:

Sound Transit agrees to contribute funding for the design of the Work at a total not to exceed of Two Hundred Twenty Eight Thousand, Five Hundred Eighty Dollars (\$228,580). This amount includes a contingency fund in the amount of Twenty Thousand, Seven Hundred Eighty Dollars (\$20,780), which may be distributed only pursuant to the terms of this Section. This total not-to-exceed amount represents the Parties' determination of the cost for design of the transit elements of the Work, minus the costs Sound Transit incurs for preliminary design and environmental review. The City will fund the cost for design of the remaining elements of the Work. If a cost savings for final design is realized, the amount of the cost savings may be transferred to the construction phase of the project.

Sound Transit agrees to contribute funding for the construction of the Work at a total not to exceed of One Million, One Hundred Forty Two Thousand, Nine Hundred Dollars (\$1,142,900). This amount includes a contingency fund in the amount of One Hundred Three Thousand, Nine Hundred Dollars (\$103,900), which may be distributed only pursuant to the terms of this Section. This total not-to-exceed amount represents the Parties' determination of the cost for construction of the transit elements of the Work. The City will fund the cost for construction of the remaining elements of the Work.

Sound Transit agrees to contribute funding for the acquisition of right-of-way necessary for the Work at a total not to exceed of Forty Eight Thousand Dollars (\$48,000). This amount includes a contingency fund in the amount of Eight Thousand Dollars (\$8,000), which may be distributed only pursuant to the terms of this Section. This total not-to-exceed amount represents the Parties' determination of the cost for right-of-way acquisition necessary to the transit elements of the Work. The City will fund the cost for any right-of-way acquisition necessary to the remaining elements of the Work.

In the event the City anticipates that the total cost of the project will exceed the overall capped amount of the project of \$1,419,480, Sound Transit shall not be obligated to reimburse the City for any expenditure in excess of the not-to-exceed amounts set forth in this Section, regardless of the actual cost of the Work, unless Sound Transit's Board of Directors ("Board") authorizes such additional funding in advance of the City incurring the additional costs and the Parties amend this Agreement upon such terms and conditions as approved by the Board. Payment shall be made from contingency funds for legitimate change orders and other unanticipated costs of the Work that are not the result of errors or omissions by the City or its contractors. Payment from contingency funds for costs other than those described in the preceding sentence shall be at the sole discretion of Sound Transit. Any request for payment from contingency funds shall be made in advance and in writing by the City for Sound Transit's review and written approval.

6.0 INVOICE AND PAYMENT PROCEDURES

The City shall issue monthly invoices for reimbursement to Sound Transit's Designated Representative. Such invoices shall reference this Agreement and shall be accompanied by reasonable documentation as specified by Sound Transit. Sound Transit shall pay the amount specified in an invoice within thirty (30) days of receipt.

Upon completion of work under this Agreement and upon Sound Transit's Final Inspection and Acceptance of the Work, the City shall balance the amounts invoiced to Sound Transit against the actual amounts paid by Sound Transit, and the City shall issue a final invoice to Sound Transit. Any amounts due to the City shall be paid in a final payment within thirty (30) days of receipt of the City's final invoice.

7.0 INSPECTION AND ACCEPTANCE, OWNERSHIP

The City shall allow Sound Transit to conduct reasonable and timely inspection of the Work, in coordination with the Sound Transit Designated Representative. Sound Transit shall complete its Final Inspection of the Work within seven (7) calendar days of receipt of the City's notice of completion of the Work. Within three (3) working days of completing Final Inspection, Sound Transit shall give notice of Final Acceptance of the Work to the City or shall specify in writing the work remaining to be done. The City will notify Sound Transit when the remaining items are completed, whereupon Sound Transit shall again commence Final Inspection under the process set forth herein. Disputes arising under this section will be resolved pursuant to the dispute resolution procedure provided in this Agreement.

The City shall at all times own the Work, and the City shall own, use, operate and maintain the Work pursuant to any applicable regulations, ordinances or laws, including any applicable permit, franchise, or license requirements for the use and occupancy of the public right-of-way.

The City shall furnish periodic reports and documentation to Sound Transit pursuant to this Agreement. In addition, the City shall provide documentation to verify that the City's reimbursable expenditures are related to the Work funded by this Agreement, including but not limited to: (1) work statements or payroll records; (2) invoices for materials and supplies; (3) statements from professionals for services rendered; (4) certification by Sound Transit of materials and services satisfactorily rendered; and (5) an itemized listing of the charges supported by copies of original bills, invoices, expense accounts, and miscellaneous supporting data retained by the City.

9.2 Availability of Records

All project records in support of all costs incurred and actual expenditures kept by the Parties shall be maintained in accordance with procedures prescribed by the Washington State Auditor's Office. Each Party's records shall be open to inspection by the other Party and by any government personnel during normal business hours, and shall be retained and made available for such inspection for a period of not less than six (6) years from Sound Transit's final payment to the City. Copies of said records shall be furnished to the requesting Party and/or government personnel upon request. This requirement shall be included in all subcontracts related to the work entered into by the City to fulfill the terms of this Agreement. To the extent this Agreement requires any joint decisions by the parties, the Mayor of the City and the Sound Transit Capital Projects Director, or their respective designees, shall make such joint decisions.

9.3 Audit

If a Party or the state or federal government requests an audit pursuant to any applicable state or federal agency requirements, the other Party shall cooperate with such audit and auditor.

9.4 Contract Administration

To fulfill its respective responsibilities under this Agreement, each Party shall be solely responsible for the administration of and the completion and quality of work performed under any contracts executed by the Party. In no event shall any contract executed by a Party be construed as obligating the other Party to this Agreement. All contracts shall comply with all applicable public works and procurement laws and regulations, including, but not limited to, applicable public works and procurement laws and regulations, bonding, prevailing wage, nondiscrimination, retainage, insurance, and workers compensation requirements.

10.0 ENVIRONMENTAL REVIEW, PERMITS, AND UTILITY RELOCATION

Sound Transit shall conduct any environmental review and prepare any environmental documentation necessary to the Work. The City shall obtain any permits and approvals necessary for the use of City-controlled right-of-way and other property related to the Work.

The City shall exercise its normal powers to cause the owners of any utilities located in the public rights of way under the jurisdiction of the City to relocate or adjust utility facilities as may be required by the Work. The City will assert its right, to the extent legally permissible, to cause said relocation or adjustment necessitated by the Work at the utility owner's cost. As between the Parties, any costs associated with relocation or adjustment of utility facilities shall be borne by the Parties according to the cost-sharing provisions of this Agreement.

11.0 DISPUTE RESOLUTION

The Parties shall work collaboratively and promptly in accordance with the following steps to resolve disputes arising from activities performed under this Agreement:

A. The Designated Representatives shall communicate regularly to discuss the status of the tasks to be performed pursuant to this Agreement and will use best efforts to resolve any issues or disputes related to the successful performance of this Agreement.

B. Each Designated Representative shall notify the other in writing of any problem or dispute the Designated Representative believes needs formal resolution. This written notice shall include:

- (1) a description of the issue to be resolved;
- (2) a description of the difference between the Parties on the issue; and
- (3) a summary of steps taken by Designated Representative to resolve the issue.

The Designated Representatives shall first attempt to resolve the dispute by meeting within five (5) business days of the other Designated Representative's receipt of the written notice.

C. In the event the Designated Representatives cannot resolve the dispute (and the dispute is not subject to some other formal appeal process), the Sound Transit Capital Projects Director and the Mayor or their respective designees shall meet within seven (7) business days of receiving notice from a Designated Representative and will engage in good faith negotiations to resolve the dispute. The Parties will work collaboratively in accordance with the following steps to resolve disagreements arising from activities performed under this Agreement. Disagreements will be resolved promptly and at the lowest possible level of authority.

D. The Parties agree that they shall have no right to seek relief under this Agreement in a court of law until and unless each of these procedural steps is exhausted, unless the terms of

Section 16 apply. The preceding sentence shall not apply to the extent that any applicable statute of limitations will or may run out during the time that may be required to exhaust the procedural steps set forth above.

12.0 MUTUAL INDEMNIFICATION

To the extent permitted by law, each Party shall protect, defend, indemnify, and save harmless the other Party, and its officers, officials, employees, and agents, from any and all costs, claims, demands, judgments, damages, or liability of any kind including injuries to persons or damages to property, which arise out of, or in any way result from, or are connected to, or are due to any tortious or negligent acts or omissions of the indemnifying Party. No Party shall be required to indemnify, defend, or save harmless the other Party if the claim, suit, or action for injuries, death, or damages is caused by the sole negligence of the Party seeking indemnification. Where such claims, suits, or actions result from concurrent negligence of the Parties, the indemnity provisions provided herein shall be valid and enforceable only to the extent of each Party's own negligence. The Parties agree that their obligations under this indemnification section extend to any claim, demand, and/or cause of action brought by, or on behalf of, any of its employees or agents. For this purpose, each Party hereby waives, by mutual negotiation, with respect to the other Party only, any immunity that would otherwise be available against such claims under the industrial insurance provisions of Title 51 RCW. In the event of any claims, demands, actions and lawsuits, the indemnifying Party upon prompt notice from the other Party shall assume all costs of defense thereof, including legal fees incurred by the other parties, and of all resulting judgments that may be obtained against the other Party. This indemnification shall survive the expiration or earlier termination of this Agreement. In the event that an action is brought to enforce any right or obligation under this indemnity agreement, all fees, costs and expenses of such action shall be recoverable by the prevailing party. The parties hereto agree that any action to enforce this indemnity agreement shall be brought in a court of competent jurisdiction situated in Seattle, King County, Washington.

13.0 INSURANCE

The City shall secure and maintain in full force and effect sufficient insurance to cover any claims that may arise from its responsibilities for the Work pursuant to this Agreement, including environmental and professional liability, and will add Sound Transit as an additional insured on all such policies. The City shall further require any contractors and subcontractors it retains in connection with the Work to maintain sufficient insurance pursuant to this Section and to add Sound Transit as an additional insured on all such policies.

14.0 PUBLIC COMMUNICATIONS

Neither Party shall make any formal press releases, news conferences or similar public statements concerning this Agreement without prior consultation and coordination with the other Party.

15.0 TERMINATION

A. Termination for Default. Either Party may terminate this Agreement, in whole or in part, in writing, if the terminating Party substantially fails to fulfill any or all of its obligations under this Agreement through no fault of the other party, provided that insofar as practicable, the Party terminating the Agreement will give:

1. Written notice of intent to terminate at least thirty (30) calendar days prior to the date of termination stating the manner in which the other Party has failed to perform the obligations under this Agreement; and
2. An opportunity for the other Party to cure the default within at least thirty (30) calendar days of notice of the intent to terminate. In such case, the notice of intent to terminate will state the time period in which cure is permitted and any other appropriate conditions.

If the other Party fails to remedy the default or the breach to the satisfaction of the other Party within the time period established in the notice of intent to terminate or any extension thereof, granted by the Party not at fault, this Agreement shall be deemed terminated.

B. Rights and Duties of Parties Upon Termination. A termination by any Party shall not extinguish or release either Party from liability, claims or obligations to third parties existing as of the time of termination. Any costs incurred prior to proper notification of termination will be borne by the Parties in accordance with the terms of this Agreement and this Section. The indemnification provisions set forth in this Agreement and all remedial provisions shall survive termination of this Agreement. In the event of termination by default or breach, Sound Transit shall be obligated to compensate the District only for the portion of work that has been satisfactorily rendered to the date of termination.

16.7 Waiver of Default

Waiver of any default shall not be deemed to be a waiver of any subsequent default. Waiver of breach of a provision of this Agreement, including failure to require full and timely performance of any provision, shall not be deemed to be a waiver of any other or subsequent breach and shall not be construed to be a modification of the terms of this Agreement unless stated to be such in writing, signed by authorized parties, and attached to the original Agreement.

No Party shall assign any interest, obligation, or benefit in this Agreement or transfer any interest in the same, whether by assignment or novation, without prior written consent by the other Party.

16.11 Warranty of Right to Enter into Agreement

The Parties each warrant that they have the authority to enter into this Agreement and that the persons signing this Agreement have the authority to bind such person's respective entity.
