

Greenhouse Gas Data Worksheet

This worksheet is to verify data provided to the City during the entitlement phase of the project; which was used to issue a SEPA threshold determination and collect Greenhouse Gas data. Verification is required to ensure that there are no significant changes to the project which would impact the SEPA threshold determination issued by the City or the calculation of Greenhouse Gas impacts. If you have questions about completing this form, please contact your Project Planner or 425-556-2494 to speak to the Planner on Call.
