BRUCE J. DODDS, P.E., P.L.S.
Curriculum Vitae

Education University of Washington
B.S. Civil Engineering, 1965
M.S. Civil Engineering, 1967

Post Graduate studies in Water Resources Hydrology, Hydrodynamics, and Aquatic chemistry, 1978 - 1980, University of Washington

Experience

1998-Present

Dodds Consulting Engineers, Inc. P.S., Bellevue, WA.

Sole proprietorship providing services similar to those of Dodds Engineers, Inc. as detailed below.

1973-1998

Dodds Engineers, Inc., Bellevue, WA.

Project manager, president & chief engineer (from 1980). 40 to 50-Person firm providing consulting civil engineering, land surveying and planning services specializing in private sector land development (roads, grading, sewerage, drainage, water systems, sewer lift and water pump stations, hydrology/hydraulics, soils engineering), and construction engineering/management. Professional land surveying and construction survey services include boundary, ALTA, topographic and hydrographic surveys; long and short plats, condominiums, photogrammetric mapping, and GPS surveys.

Contributing author and editor of the 1990 King County Surface Water Management Manual. Chairman of Master Builders Surface Water Management Task Force, industry committee formed to contribute private development positions and design recommendations/standards for the 1998 King County Drainage Manual and surface water code revisions. Contributor to WDOE 2001 surface water management manual revisions.

1969 - 1973

Control Data Corporation, Australia

Senior Country Analyst specializing in engineering applications for nationwide computer network. Provided general civil, structural, and hydraulic engineering technical support, computer programming services, and secondary support for business applications (COBOL) and operations research programming.

1967 - 1969

Corps of Engineers, Europe

Facilities construction, maintenance and management for U.S. Army / Air Force European infrastructure.

1957 - 1967

Dodds Engineers, Bellevue, WA.

Summer / Part time field surveyor and office survey/engineering technician.
