

STATE ENVIRONMENTAL POLICY ACT (SEPA) DETERMINATION OF NON-SIGNIFICANCE

For more information about this project visit www.redmond.gov/landuseapps

PROJECT INFORMATION

PROJECT NAME: Penny Lane III

SEPA FILE NUMBER: SEPA-2020-00207

PROJECT DESCRIPTION:

The project consists of 4 townhouses within one building (LAND-2019-00438 & 00439). The project is within a seismic hazard and CARA 1, both considered critical areas per the RZC. Per RZC 21.70.090.B exemptions within WAC 197-11-800(1) do not apply.

PROJECT LOCATION: 7990 170th Ave NE

SITE ADDRESS: 7990 170TH AVE NE
REDMOND, WA 98052

APPLICANT: Randy Barnett

LEAD AGENCY: City of Redmond

The lead agency for this proposal has determined that the requirements of environmental analysis, protection, and mitigation measures have been adequately addressed through the City's regulations and Comprehensive Plan together with applicable State and Federal laws.

Additionally, the lead agency has determined that the proposal does not have a probable significant adverse impact on the environment as described under SEPA.

An Environmental Impact Statement (EIS) is not required under RCW 43.21C.030(2)(c). This decision was made after review of a completed environmental checklist and other information on file with the lead agency. **This information is available to the public on request.**

CITY CONTACT INFORMATION

PROJECT PLANNER NAME: Elise Keim

PHONE NUMBER: 425-556-2480

EMAIL: Ekeim@redmond.gov

IMPORTANT DATES

COMMENT PERIOD

Depending upon the proposal, a comment period may not be required. An "X" is placed next to the applicable comment period provision.

There is no comment period for this DNS. Please see below for appeal provisions.

'X' This DNS is issued under WAC 197-11-340(2), and the lead agency will not make a decision on this proposal for 14 days from the date below. Comments can be submitted to the Project Planner, via phone, fax (425)556-2400, email or in person at the Development Services Center located at 15670 NE 85th Street, Redmond, WA 98052. **Comments must be submitted by 03/13/2020.**

APPEAL PERIOD

You may appeal this determination to the City of Redmond Office of the City Clerk, Redmond City Hall, 15670 NE 85th Street, P.O. Box 97010, Redmond, WA 98073-9710, **no later than 5:00 p.m. on 03/27/2020**, by submitting a completed City of Redmond Appeal Application Form available on the City's website at www.redmond.gov or at City Hall. You should be prepared to make specific factual objections.

DATE OF DNS ISSUANCE: 2/28/2020

For more information about the project or SEPA procedures, please contact the project planner.

CITY OF REDMOND

ENVIRONMENTAL CHECKLIST

PROJECT ACTION

(Revised March 2018)

Purpose of the Checklist:

The State Environmental Policy Act (SEPA), chapter 43.21C RCW, requires all governmental agencies to consider the environmental impacts of a proposal before making decisions. An environmental impact statement (EIS) must be prepared for all proposals with probable significant adverse impacts on the quality of the environment. The purpose of this checklist is to provide information to help you and the City of Redmond identify impacts from your proposal (and to reduce or avoid impacts from the proposal, if it can be done) and to help the agency decide whether an EIS is required.

Instructions for Applicants:

This environmental checklist asks you to describe some basic information about your proposal. Governmental agencies use this checklist to determine whether the environmental impacts of your proposal are significant, requiring preparation of an EIS. Answer the questions briefly, with the most precise information known, or give the best description you can.

You must answer each question accurately and carefully, to the best of your knowledge. In most cases, you should be able to answer the questions from your own observations or project plans without the need to hire experts. If you really do not know the answer, or if a question does not apply to your proposal, write "do not know" or "does not apply" and indicate the reason why the question "does not apply". It is not adequate to submit responses such as "N/A" or "does not apply"; without providing a reason why the specific section does not relate or cause an impact. Complete answers to the questions now may avoid unnecessary delays later. If you need more space to write answers attach them and reference the question number.

Some questions ask about governmental regulations, such as zoning, shoreline, and landmark designations. Answer these questions if you can. If you have problems, the City can assist you.

The checklist questions apply to all parts of your proposal, even if you plan to do them over a period of time or on different parcels of land. Attach any additional information that will help describe your proposal or its environmental effects. When you submit this checklist the City may ask you to explain your answers or provide additional information reasonably related to determining if there may be significant adverse impact.

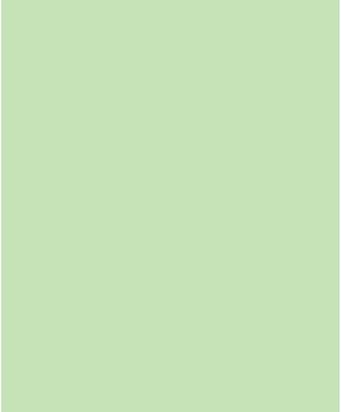

Review Planner:

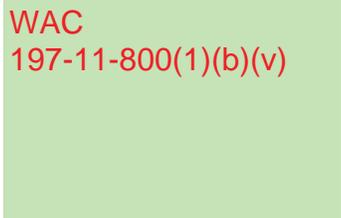

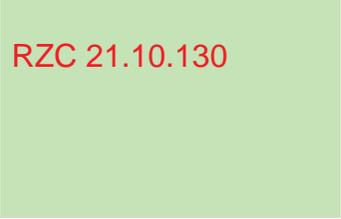

Elise Keim

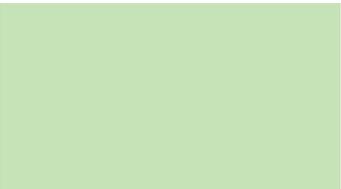

Date of Review:

2/17/2020

To Be Completed By Applicant	Evaluation for Agency Use Only
<p>8. Do you have any plans for future additions, expansion, or further activity related to or connected with this proposal? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No If yes, explain.</p>	
<p>9. List any environmental information you know about that has been prepared or will be prepared directly related to this proposal.</p> <p>Preliminary Drainage Report, Arborist Report Geotechnical Report, Critical Aquifer Recharge Areas Report Wetland, Stream, Wildlife Reconnaissance Report Cultural Resource Study</p>	
<p>10. Do you know whether applications are pending for governmental approvals of other proposals directly affecting the property covered by your proposal? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No If yes, explain.</p>	
<p>11. List any government approvals or permits that will be needed for your proposal, if known.</p> <p>Preliminary Plat Approval, Site Plan Entitlement Approval, Final Plat approval, Construction Plan Approval, Right of Way permits (if applicable), Building Permits, SEPA determination.</p>	
<p>12. Give brief, complete description of your proposal, including the proposed uses and the size of the project and site. There are several questions later in this checklist that ask you to describe certain aspects of your proposal. You do not need to repeat those answers on this page.</p> <p>Construction of 4 residential townhome units within a single building on 0.23 acre.</p>	

To Be Completed By Applicant	Evaluation for Agency Use Only
<p>13. Location of the proposal. Give sufficient information for a person to understand the precise location of your proposed project, including a street address, if any, and section, township, and range, if known. If a proposal would occur over a range of area, provide the range or boundaries of the site(s). Provide a legal description, site plan, vicinity map, and topographic map, if reasonably available. While you should submit any plans required by the agency, you are not required to duplicate maps or detailed plans submitted with any permit applications related to this checklist.</p> <p>The site is located at 7990 170th Ave NE. TPN 7792900115</p> <p>Please see plans submitted as part of this application for a vicinity map, legal description, and topographic map.</p>	
<p>B. ENVIRONMENTAL ELEMENTS</p> <p>1. Earth</p> <p>a. General description of the site</p> <p><input type="checkbox"/> Flat</p> <p><input checked="" type="checkbox"/> Rolling</p> <p><input type="checkbox"/> Hilly</p> <p><input type="checkbox"/> Steep slopes</p> <p><input type="checkbox"/> Mountainous</p> <p><input type="checkbox"/> Other</p> <p>b. What is the steepest slope on the site (approximate percent slope)? Describe location and areas of different topography.</p> <p>The steepest slope on site is approximately 15%. Overall the site has an elevation change of approximately 8 feet. Topography is sloped towards the two roads located on the east and west sides of the site.</p>	 

To Be Completed By Applicant	Evaluation for Agency Use Only
<p>c. What general types of soils are found on the site (for example, clay, sand, gravel, peat, mulch)? If you know the classification of agricultural soils, specify them and note any agricultural land of long-term commercial significance and whether the proposal results in removing any of these soils.</p> <p>According to the USDA Websoil Survey the site is generally Everett very gravelly sandy loam, 0 to 8 percent slopes.</p>	
<p>d. Are there surface indications or history of unstable soils in the immediate vicinity? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No If yes, describe.</p>	
<p>e. Describe the purpose, type, total area, location and approximate quantities and total affected area of any filling, excavation, and grading proposed. Indicate source of fill.</p> <p>The purpose of grading will be to create level building pads, road, and ensure proper site drainage. Cut will be 125+/- CY and fill will be 500+/- CY. Location of source fill has not been chosen but will be from approved location.</p>	<p>WAC 197-11-800(1)(b)(v)</p> 
<p>f. Could erosion occur as a result of clearing, construction, or use? If so, generally describe.</p> <p>Erosion could occur as a result of denuded soil during and immediately following storm events during the construction cycle of the plat.</p>	
<p>g. About what percentage of the site will be covered with impervious surfaces after project construction (for example, asphalt or buildings)?</p> <p>The project currently proposes 70% +/- impervious surfaces. The zoning code has no limitation on impervious coverage for the subject development.</p>	<p>RZC 21.10.130</p> 

To Be Completed By Applicant	Evaluation for Agency Use Only
<p>h. Proposed measures to reduce or control erosion, or other impacts to the earth, if any.</p> <p>A TESC plan will be prepared and implemented prior to commencement of construction activities.</p>	
<p>i. Does the landfill or excavation involve over 100 cubic yards throughout the lifetime of the project?</p> <p>Yes.</p>	<p>WAC 197-11-800(1)(b)(v) & RZC 21.70.090</p>
<p>2. Air</p>	
<p>a. What types of emissions to the air (i.e. dust, automobile, odors, industrial wood smoke, and greenhouse gases) would result from the proposal during construction, operation, and maintenance when the project is completed? If any, generally describe and give approximate quantities if known.</p> <p>During construction there will be increased exhaust and dust particle emissions. After construction, the principle source of emissions will be from automobile traffic.</p>	
<p>b. Are there any off-site sources of emissions or odor that may affect your proposal? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No If yes, generally describe.</p> <p>Off-site sources of emissions are those typical of the residential neighborhoods that surround this site, such as automobile emissions from traffic on adjacent roadways and fireplace emissions from nearby homes.</p>	
<p>c. Proposed measures to reduce or control emissions or other impacts to air, if any.</p> <p>Construction impacts will not be significant and can be controlled by several methods: watering or using dust suppressants on areas of exposed soils, washing truck wheels before leaving the site, and maintaining gravel construction entrances.</p>	

To Be Completed By Applicant	Evaluation for Agency Use Only
<p>3. Water</p> <p>a. Surface</p> <p>1. Is there any surface water body on or in the immediate vicinity of the site (including year-round and seasonal streams, lakes, ponds, wetlands)? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No If yes, describe type, location and provide names. If appropriate, state what stream or river it flows into. Provide a sketch if not shown on site plans.</p> <div style="background-color: yellow; height: 100px; width: 100%;"></div> <p>2. Will the project require any work over, in, or adjacent to (within 200 feet) the described waters? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No If yes, please describe and attach available plans. Note approximate distance between surface waters and any construction, fill, etc.</p> <div style="background-color: yellow; height: 100px; width: 100%;"></div> <p>3. Estimate the amount of fill and dredge material that would be placed in or removed from surface water or wetlands and indicate the area of the site that would be affected. Indicate the source of fill material.</p> <div style="background-color: yellow; padding: 5px;"> <p>Not applicable. There are no surface waters or wetlands within the vicinity of the project.</p> </div> <p>4. Will the proposal require surface water withdrawals or diversions? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No Will the proposal require permanent dewatering or temporary dewatering? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No If yes, give general description, purpose, and approximate quantities if known.</p> <div style="background-color: yellow; height: 60px; width: 100%;"></div>	<div style="background-color: #c8e6c9; height: 100px; width: 100%;"></div>

To Be Completed By Applicant	Evaluation for Agency Use Only
<p>5. Does the proposal lie within a 100-year floodplain? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No If yes, note location on the site plan.</p> <div style="background-color: #ffffcc; height: 80px; width: 100%;"></div>	<div style="background-color: #c8e6c9; height: 80px; width: 100%;"></div>
<p>6. Does the proposal involve any discharge of waste materials to surface waters? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No If yes, describe the type of waste and anticipated volume of discharge.</p> <div style="background-color: #ffffcc; height: 80px; width: 100%;"></div>	<div style="background-color: #c8e6c9; height: 80px; width: 100%;"></div>
<p>7. Is your property located within the Bear/Evans Creek Watershed (see attached map)? <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No If yes, answer questions 8 & 9. If no, go to the next section.</p> <div style="background-color: #ffffcc; height: 80px; width: 100%;"></div>	<div style="background-color: #c8e6c9; height: 80px; width: 100%;"></div>
<p>8. Provide details on how you propose to maximize infiltration of runoff to recharge associated stream during the summer months.</p> <p>Clean roof drainage will be fully infiltrated.</p> <div style="background-color: #ffffcc; height: 80px; width: 100%;"></div>	<div style="background-color: #c8e6c9; height: 80px; width: 100%;"></div>
<p>9. Does your project propose an increase in fecal coliform levels in the surface water? If so, describe impacts.</p> <p>No.</p> <div style="background-color: #ffffcc; height: 80px; width: 100%;"></div>	<div style="background-color: #c8e6c9; height: 80px; width: 100%;"></div>

To Be Completed By Applicant	Evaluation for Agency Use Only
<p>b. Ground</p> <p>1. Will groundwater be withdrawn from a well for drinking water or other purpose? If so, give a general description of the well, proposed uses and approximate quantities withdrawn from the well. Will water be discharged to groundwater? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No Give general description, purpose, and approximate quantities if known.</p> <div style="background-color: yellow; height: 120px; width: 100%;"></div> <p>2. Describe waste material that will be discharged into the ground from septic tanks or other sources, if any (for example: domestic sewage; industrial, containing the following chemicals, agricultural; etc.) Describe the general size of the system, the number of such systems, the number of houses to be served (if applicable), or the number of animals or humans the system(s) are expected to serve.</p> <div style="background-color: yellow; height: 120px; width: 100%;"> <p>Not applicable. The site will be served by sanitary sewers.</p> </div> <p>c. Water Runoff (including storm water):</p> <p>1. Describe the source(s) of runoff (including storm water) and method of collection, transport/conveyance, and disposal, if any (include quantities, if known). Where will this water flow? Will this water flow into other waters? If so, describe.</p> <div style="background-color: yellow; height: 120px; width: 100%;"> <p>Runoff will be generated from road frontage improvements, driveways, and roof. Drainage generated from the roof will be infiltrated. All other drainage will be routed to the adjacent tight-lined conveyance system which is tributary to the City's regional stormwater facility.</p> </div>	<div style="background-color: #c8e6c9; height: 120px; width: 100%;"></div> <div style="background-color: #c8e6c9; height: 120px; width: 100%;"></div> <div style="background-color: #c8e6c9; height: 120px; width: 100%;"></div>

To Be Completed By Applicant	Evaluation for Agency Use Only
<p>2. Could waste materials enter ground or surface waters? If so, generally describe.</p> <p>This would be very unlikely. The only materials that could enter ground or surface waters would be those associated with automobile discharges and yard/garden preparations. Pollutants generated during construction include suspended solids and trace petroleum hydrocarbons.</p> <p>3. Does the proposal alter or otherwise affect drainage patterns in the vicinity of the site? If so, describe.</p> <p>The proposal will not alter drainage patterns in the vicinity of the site.</p> <p>d. Proposed measures to reduce or control surface, ground, and runoff water, and drainage pattern impacts, if any.</p> <p>A City approved storm drainage system will be designed and implemented to mitigate any adverse impacts from the development. Temporary erosion control measures will include silt fence and mulching, plastic covering, temporary/permanent seeding, and dust control as needed.</p>	
<p>4. Plants</p> <p>a. Select types of vegetation found on the site:</p> <p>Deciduous Tree: Alder <input type="checkbox"/> Maple <input checked="" type="checkbox"/> Aspen <input type="checkbox"/> Other <input checked="" type="checkbox"/></p> <p>Evergreen Tree: Cedar <input checked="" type="checkbox"/> Fir <input type="checkbox"/> Pine <input type="checkbox"/> Other <input type="checkbox"/></p> <p><input checked="" type="checkbox"/> Shrubs</p> <p><input checked="" type="checkbox"/> Grass</p> <p><input type="checkbox"/> Pasture</p> <p><input type="checkbox"/> Crop or Grain</p> <p><input type="checkbox"/> Orchards, Vineyards, or Other Permanent Crops</p> <p>Wet soil plants: Cattail <input type="checkbox"/> Buttercup <input type="checkbox"/> Bullrush <input type="checkbox"/></p> <p>Skunk Cabbage <input type="checkbox"/> Other <input type="checkbox"/></p> <p>Water plants: Water lily <input type="checkbox"/> Eelgrass <input type="checkbox"/> Milfoil <input type="checkbox"/></p> <p>Other <input type="checkbox"/></p>	

To Be Completed By Applicant	Evaluation for Agency Use Only																				
<p>Other types of vegetation (please list)</p> <div style="background-color: yellow; height: 80px; margin-bottom: 10px;"></div> <p>b. What kind and amount of vegetation will be removed or altered?</p> <div style="background-color: yellow; padding: 5px; margin-bottom: 10px;">Trees, ornamental shrubs, and mowed lawn will be removed.</div> <p>c. Provide the number of significant and landmark trees located on the site and estimate the number proposed to be removed and saved in the table below.</p> <table border="1" data-bbox="235 934 1039 1386"> <thead> <tr> <th>Tree Type</th> <th>Total (#)</th> <th>Removed (#)</th> <th>Saved (#)</th> <th>Percentage saved (%)</th> </tr> </thead> <tbody> <tr> <td>Landmark (>30" dbh*)</td> <td>1</td> <td>1</td> <td>0</td> <td>0</td> </tr> <tr> <td>Significant (6" – 30" dbh*)</td> <td>4</td> <td>4</td> <td>0</td> <td>0</td> </tr> <tr> <td>Percentage (%)</td> <td>100%</td> <td>100%</td> <td>0</td> <td>0</td> </tr> </tbody> </table> <p><i>Note: Since a SEPA Determination is issued early on in the project's review process; the information above is a preliminary estimate only and could change during the development review process.</i></p> <p>* DBH – Diameter at breast height</p> <p>d. List threatened or endangered species known to be on or near the site.</p> <div style="background-color: yellow; padding: 5px;">There are no known threatened or endangered species known to be on or near the site.</div>	Tree Type	Total (#)	Removed (#)	Saved (#)	Percentage saved (%)	Landmark (>30" dbh*)	1	1	0	0	Significant (6" – 30" dbh*)	4	4	0	0	Percentage (%)	100%	100%	0	0	<div style="background-color: #c8e6c9; height: 80px; margin-bottom: 10px;"></div> <div style="background-color: #c8e6c9; height: 120px; margin-bottom: 10px;"></div> <div style="background-color: #c8e6c9; padding: 10px; margin-bottom: 10px;"> <p style="color: red; text-align: center;">Replacement per RZC 21.72.080 required</p> </div> <div style="background-color: #c8e6c9; height: 100px;"></div>
Tree Type	Total (#)	Removed (#)	Saved (#)	Percentage saved (%)																	
Landmark (>30" dbh*)	1	1	0	0																	
Significant (6" – 30" dbh*)	4	4	0	0																	
Percentage (%)	100%	100%	0	0																	

To Be Completed By Applicant	Evaluation for Agency Use Only
<p>e. Proposed landscaping, use of native plants, or other measures to preserve or enhance vegetation on the site, if any:</p> <p style="background-color: #ffffcc; padding: 5px;">Proposed landscaping may include the use of native or drought resistant plants. Due to the proposed development which maximizes development within the allowed building footprint, existing vegetation will be removed. Please reference the Landscape Plans submitted with this proposal.</p> <p>f. List all noxious weeds and invasive species known to be on or near the site.</p> <p style="background-color: #ffffcc; padding: 5px;">There are no known noxious or invasive species known to be on or near the site.</p>	<p style="background-color: #c8e6c9; padding: 10px; color: red; text-align: center;">Ecological score achieved RZC 21.32.060</p>
<p>5. Animals</p> <p>a. List any birds and other animals which have been observed on or near the site or are known to be on or near the site.</p> <p>Birds: Hawk <input type="checkbox"/> Heron <input type="checkbox"/> Eagle <input type="checkbox"/> Songbirds <input checked="" type="checkbox"/> Other <input type="checkbox"/></p> <p>Mammals: Deer <input type="checkbox"/> Bear <input type="checkbox"/> Elk <input type="checkbox"/> Beaver <input type="checkbox"/></p> <p>Fish: Bass <input type="checkbox"/> Salmon <input type="checkbox"/> Trout <input type="checkbox"/> Herring <input type="checkbox"/> Shellfish <input type="checkbox"/> Other <input type="checkbox"/></p> <p>b. List any threatened or endangered species known to be on or near the site.</p> <p style="background-color: #ffffcc; padding: 5px;">No threatened or endangered species are known to be on or near the site.</p> <p>c. Is the site part of a migration route? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No If yes, explain.</p> <p style="background-color: #ffffcc; height: 40px; margin-top: 10px;"></p>	<div style="background-color: #c8e6c9; height: 200px; width: 100%;"></div>

To Be Completed By Applicant	Evaluation for Agency Use Only
<p>d. Proposed measures to preserve or enhance wildlife, if any:</p> <p>Per Redmond Zoning Code, the site will provide landscaping. Non-invasive vegetation and a mix of native plants will be added to the site. A landscape plan has been completed and submitted as part of this package.</p> <p>e. List any invasive animal species known to be on or near the site.</p> <p>There are no known invasive animal species known to be on or near the site.</p>	 
<p>6. Energy and Natural Resources</p>	
<p>a. What kinds of energy (electric, natural gas, oil, wood stove, solar) will be used to meet the completed project's energy needs? Describe whether it will be used for heating, manufacturing, etc.</p> <p>Electricity or Gas will be the primary source of energy used to provide heating and cooling to each home. This form of energy is immediately available to the site.</p>	
<p>b. Would your project affect the potential use of solar energy by adjacent properties? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No If yes, generally describe.</p>	
<p>c. What kinds of energy conservation features are included in the plans of this proposal? List other proposed measures to reduce or control energy impacts, if any.</p> <p>The requirements of the Uniform Building Code and the State Energy Code will be incorporated into the construction of the buildings. Energy conserving materials and fixtures will be evaluated for the suitability in all new construction.</p>	

To Be Completed By Applicant	Evaluation for Agency Use Only
<p>4. Describe special emergency services that might be required.</p> <p>None to our knowledge.</p>	
<p>5. Proposed measures to reduce or control environmental health hazards, if any.</p> <p>There are no proposed measures because there are no known or expected environmental health hazards.</p>	
<p>b. Noise</p> <p>1. What types of noise exist in the area which may affect your project (for example: traffic equipment, operation, other)?</p> <p>No negative affect is anticipated from off-site noises. The main source of off-site noise in the area originates from the vehicular traffic present on NE 80th St, 170th Ave NE, and 170th Ct NE.</p> <p>2. What types and levels of noise would be created by or associated with the project on a short-term or a long-term basis (for example: traffic, construction, operation, other)? Indicate what hours noise would come from the site.</p> <p>Short-term noise impacts will result from the use of construction and building equipment during site development and construction. These temporary activities will be limited to legal working hours as prescribed by City Code. Long-term impacts will be those associated with the increase of human population, additional traffic and noise associated with residential buildings.</p>	 

To Be Completed By Applicant	Evaluation for Agency Use Only
<p>3. Proposed measures to reduce or control noise impacts, if any.</p> <p>Building construction will be done during the hours prescribed by the City of Redmond.</p>	<p>RMC 6.36</p>
<p>8. Land and Shoreline Use</p> <p>a. What is the current use of the site and adjacent properties? Will the proposal affect current land uses on nearby or adjacent properties? If so, describe.</p> <p>Site: Single Family North: Multifamily East: Multifamily South: Multifamily (Penny Lane II) West: Multifamily The proposal is not expected to impact nearby uses.</p> <p>b. Has the site been used as working farmlands or working forest lands? Is so, describe. How much agricultural or forest land of long term commercial significance will be converted to other uses as a result of the proposal, if any? If resource lands have not been designated, how many acres in farmland or forest land tax status will be converted to non-farm or non-forest use?</p> <p>To our knowledge the site has not been used as working farmlands or working forest lands.</p> <p>1). Will the proposal affect or be affected by surrounding working farm or forest land normal business operations, such as oversize equipment access, the application of pesticides, tilling, and harvesting? If so, how?</p> <p>No. There are none of these lands in the surrounding area.</p>	<p>Site is currently vacant</p>

To Be Completed By Applicant	Evaluation for Agency Use Only
<p>c. Describe any structures on site.</p> <p>The parcel has one single family home that is approximately 2,650 sf. There is also a detached garage.</p>	
<p>d. Will any structures be demolished? <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No If yes, what?</p> <p>All structures will be demolished.</p>	<p>All structures have been demolished</p>
<p>e. What is the current zoning classification of the site?</p> <p>EH.</p>	<p>East Hill RZC 21.10.100</p>
<p>f. What is the current comprehensive plan designation of the site?</p> <p>Downtown Mixed Use.</p>	
<p>g. If applicable, what is the current shoreline master program designation of the site?</p> <p>Not applicable. There is no current shoreline master program designation for the subject project.</p>	
<p>h. Has any part of the site been classified as a critical area by the city or county? <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No If yes, specify. (If unsure, check with City)</p> <p>Site is partially located within a seismic hazard area. Site is located within Wellhead Protection Zone 1.</p>	<p>Now called critical aquifer recharge area</p>

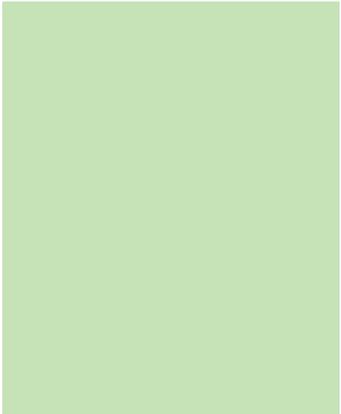

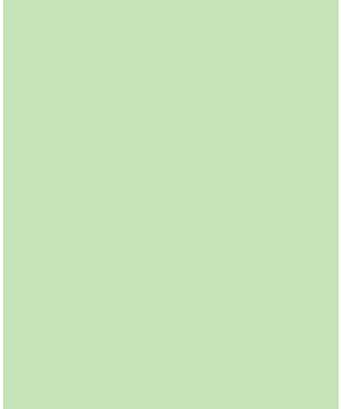

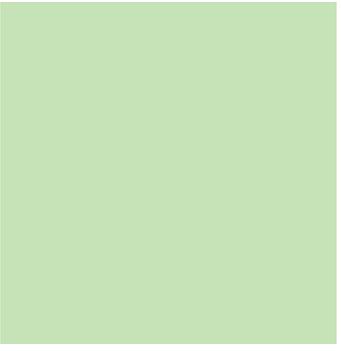

To Be Completed By Applicant	Evaluation for Agency Use Only
<p>i. Approximately how many people would reside or work in the completed project?</p> <p>10 people would reside at the completed project. (2.5 persons per dwelling unit X 4 dwelling units = 10)</p>	
<p>j. Approximately how many people would the completed project displace?</p> <p>None. The original residents are proponents of the project.</p>	<p>1 unit demolished</p>
<p>k. Proposed measures to avoid or reduce displacement impacts, if any:</p> <p>None. There are no displacement impacts.</p>	
<p>l. Proposed measures to ensure the proposal is compatible with existing and projected land uses and plans, if any:</p> <p>The proposal will follow the Redmond Zoning Code which has been designed to ensure comparability with adjacent land uses.</p>	<p>compliant with RZC 21.10 for downtown developments</p>
<p>m. Proposed measures to ensure the proposal is compatible with nearby agricultural and forest lands of long-term commercial significance, if any:</p> <p>None. There are no nearby agricultural or forest lands of long term commercial significance.</p>	
<p>n. What percentage of the building will be used for:</p> <p>Warehousing <u>0</u></p> <p>Manufacturing <u>0</u></p> <p>Office <u>0</u></p> <p>Retail <u>0</u></p>	

To Be Completed By Applicant	Evaluation for Agency Use Only
<p>Service (specify) <u>0</u></p> <p>Other (specify) <u>0</u></p> <p>Residential <u>100</u></p>	
<p>0. What is the proposed I.B.C. construction type?</p> <p>Construction type will be what is required at time of vesting.</p>	
<p>p. How many square feet are proposed (gross square footage including all floors, mezzanines, etc.)?</p> <p>The proposed building includes a total of approximately 12,500 square feet of livable space and garages.</p>	
<p>q. How many square feet are available for future expansion (gross square footage including floors, mezzanines and additions)?</p> <p>None.</p>	
<p>9. Housing</p> <p>a. Approximately how many units would be provided, if any? Indicate whether high, middle, or low-income housing.</p> <p>Four units will be provided. They will be in the middle-high income range.</p>	

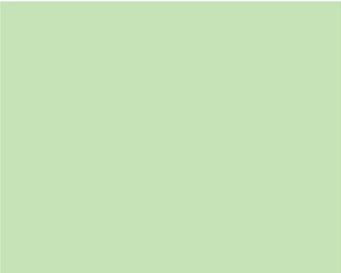

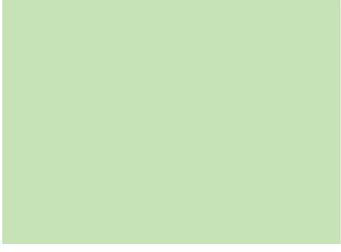

To Be Completed By Applicant	Evaluation for Agency Use Only
<p>b. Approximately how many units, if any, would be eliminated? Indicate whether high, middle, or low-income housing.</p> <p>One unit will be eliminated. They are in the middle income range. The project will have a net unit gain of three units.</p> <p>c. Proposed measures to reduce or control housing impacts, if any:</p> <p>The project will follow zoning code at time of vesting. Also the current residence of the existing property is a proponent of the project. Lastly, there will be an increase in the amount of housing available once project is completed.</p>	 
<p>10. Aesthetics</p>	
<p>a. What is the tallest height of any proposed structure(s), not including antennas? What is the principal exterior building material(s) proposed?</p> <p>The tallest height of the structures will not exceed what is allowed by Redmond Zoning Code for EH at time of vesting.</p>	
<p>b. What views in the immediate vicinity would be altered or obstructed?</p> <p>No views, known to be protected, will be altered or obstructed.</p>	
<p>c. Proposed measures to reduce or control aesthetic impacts, if any:</p> <p>The project will comply with the current zoning of the site and will be similar in style to surrounding homes, including landscaping.</p>	

To Be Completed By Applicant	Evaluation for Agency Use Only
<p>11. Light and Glare</p> <p>a. What type of light or glare will the proposal produce? What time of day or night would it mainly occur?</p> <p style="background-color: #ffffcc; padding: 5px;">Building lighting and exterior lighting and vehicles using the site. Before dawn and evenings.</p> <p>b. Could light or glare from the finished project be a safety hazard or interfere with views?</p> <p style="background-color: #ffffcc; padding: 5px;">Not to our knowledge.</p> <p>c. What existing off-site sources of light or glare may affect your proposal?</p> <p style="background-color: #ffffcc; padding: 5px;">Sources from vehicles and street lighting from the adjacent streets and neighborhoods.</p> <p>d. Proposed measures to reduce or control light and glare impacts, if any:</p> <p style="background-color: #ffffcc; padding: 5px;">Street lighting, when deemed necessary, will be installed in a manner that directs the lighting downward.</p> <p>12. Recreation</p> <p>a. What designated and informal recreational opportunities are in the immediate vicinity?</p> <p style="background-color: #ffffcc; padding: 5px;">Anderson Park is approximately 0.2 miles to the southwest</p>	<div style="background-color: #c8e6c9; height: 80px; margin-bottom: 10px;"></div> <div style="background-color: #c8e6c9; height: 80px;"></div>

To Be Completed By Applicant	Evaluation for Agency Use Only
<p>b. Would the proposed project displace any existing recreational uses? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No If yes, describe.</p> <div style="background-color: #ffffcc; height: 100px; width: 100%;"></div> <p>c. Proposed measures to reduce or control impacts on recreation, including recreation opportunities to be provided by the project or applicant, if any:</p> <div style="background-color: #ffffcc; height: 100px; width: 100%; padding: 5px;">None proposed.</div>	<div style="background-color: #c8e6c9; height: 100px; width: 100%;"></div>
<p>13. Historic and Cultural Preservation</p> <p>a. Are there any buildings structures or sites, located on or near the site that are over 45 years old listed in or eligible for listing in national, state, or local preservation registers located on or near the site? If so, generally describe.</p> <div style="background-color: #ffffcc; height: 300px; width: 100%; padding: 5px;"> <p>The buildings on the site are over 45 years old. Per correspondence with City staff, an additional Historic Property Inventory cannot be a condition of the project as requested by the DAHP's Historic Preservation Design Reviewer. The buildings have since been demolished as approved by the City.</p> </div>	<div style="background-color: #c8e6c9; height: 300px; width: 100%;"></div>

To Be Completed By Applicant	Evaluation for Agency Use Only
<p>b. Are there any landmarks, features, or other evidence of Indian or historic use or occupation? This may include human burials or old cemeteries. Are there any material evidence, artifacts, or areas of cultural importance on or near the site? Please list any professional studies conducted at the site to identify such resources.</p> <p>The cultural resource study found no evidence of Indian use of the site or immediate area. Please reference the cultural resource study submitted as part of this application for detailed information regarding the surrounding area and its history.</p>	
<p>c. Describe the methods used to assess the potential impacts to cultural and historic resources on or near the project site. Examples include consultation with tribes and the Department of Archaeological and Historic Preservation, archaeological surveys, historic maps, GIS data, etc.</p> <p>A cultural resource study was completed. Please review the report for its exact research methodology.</p>	
<p>d. Proposed measures to avoid, minimize, or compensate for loss, changes to, and disturbance to resources. Please include plans for the above and any permits that may be required.</p> <p>None, there are no known impacts. If archaeological resources or human remains are discovered during the course of construction, the discovery shall be protected/work suspended within the area of discovery and the proper individuals contacted as detailed in the cultural resources study.</p>	

To Be Completed By Applicant	Evaluation for Agency Use Only
<p>14. Transportation</p> <p>a. Identify public streets and highways serving the site, or affected geographic area, and describe proposed access to the existing street system. Show on site plans, if any.</p> <p style="background-color: #ffffcc; padding: 5px;">North: NE 80th St South: Penny Lane West: 170th Ave NE East: 170th Ct NE Vehicular access will be via 170th Ct NE. Pedestrian access will be via NE 80th St.</p> <p>b. Is the site currently or affected geographic area currently served by public transit? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No If yes, generally describe. If not, what is the approximate distance to the nearest transit stop?</p> <p style="background-color: #ffffcc; padding: 5px;">The nearest stop is 0.2 miles to the south and located at 17090 Avondale Way.</p> <p>c. How many additional parking spaces would the completed project have? How many would the project eliminate?</p> <p style="background-color: #ffffcc; padding: 5px;">Approximately two public parking spaces have been added along NE 80th Street. No public parking spaces have been eliminated. Eight private parking spaces have been added for the units.</p> <p>d. Will the proposal require any new or improvements to existing roads, streets, pedestrian, bicycle, or transportation facilities not including driveways? If so, generally describe (indicate whether public or private).</p> <p style="background-color: #ffffcc; padding: 5px;">Yes, there will be new public frontage improvements constructed as part of the project.</p>	<div style="background-color: #c8e6c9; height: 150px; width: 100%;"></div>

To Be Completed By Applicant	Evaluation for Agency Use Only
<p>e. Will the project use (or occur in the immediate vicinity of) water, rail, or air transportation? If so, generally describe.</p> <p>No. The project use is not in the vicinity of rail, air, or water transportation.</p>	
<p>f. How many weekday vehicular trips (one way) per day would be generated by the completed project? <u>11</u> If known, indicate when peak volumes would occur: <u>7:00</u> - <u>9:00</u> a.m. and <u>4:00</u> - <u>6:00</u> p.m. How many of these trips occur in the a.m. peak hours? <u>0</u> How many of these trips occur in the p.m. peak hours? <u>1</u> What percentage of the volume would be trucks (such as commercial and non-passenger vehicles)? <u><3%</u> What data or transportation models were used to make these estimates?</p> <p>Information based on ITE Trip Generation Manual, 10th Edition.</p>	
<p>g. Will the proposal interfere with, affect or be affected by the movement of agricultural and forest products on roads or streets in the area? If so, generally describe.</p> <p>No. The project will interfere with, affect, or be affected by the movement of agricultural and forest products on roads or streets in the area.</p>	
<p>h. Proposed measures to reduce or control transportation impacts, if any.</p> <p>The City will impose traffic impacts fees which the developer will pay.</p>	

To Be Completed By Applicant	Evaluation for Agency Use Only
<p>15. Public Services</p> <p>a. Would the project result in an increased need for public services (for example: fire protection, police protection, public transit, health care, schools, other)? <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No If yes, generally describe.</p> <p style="background-color: #ffffcc; padding: 5px;">The need for public service such as fire, health, and police protection will be typical of a single family development of this size. The school children originating from the homes in this development will attend the schools in the Lake Washington School District.</p> <p>b. Proposed measures to reduce or control direct impacts on public services, if any.</p> <p style="background-color: #ffffcc; padding: 5px;">The roads and homes will be constructed to meet all applicable standards and codes of the City and the Uniform Building Code. The proposed development will contribute to the local tax base and provide additional tax revenue for the various public services.</p> <p>16. Utilities</p> <p>a. Select utilities currently available at the site:</p> <ul style="list-style-type: none"> <input checked="" type="checkbox"/> Electricity <input checked="" type="checkbox"/> Natural Gas <input checked="" type="checkbox"/> Water <input checked="" type="checkbox"/> Refuse Service <input checked="" type="checkbox"/> Telephone <input checked="" type="checkbox"/> Sanitary Sewer <input type="checkbox"/> Septic System <input type="checkbox"/> Other 	<div style="background-color: #c8e6c9; height: 130px; margin-bottom: 10px;"></div> <div style="background-color: #c8e6c9; height: 120px; margin-bottom: 10px;"></div> <div style="background-color: #c8e6c9; height: 230px;"></div>

To Be Completed By Applicant	Evaluation for Agency Use Only
<p>b. Describe the utilities that are proposed for the project, the utility providing the service, and the general construction activities on the site or in the immediate vicinity which might be needed.</p> <p>Water: City of Redmond Sewer: City of Redmond Power and Gas: Puget Sound Energy Telephone: Verizon</p>	

C. SIGNATURE

The above answers are true and complete to the best of my knowledge. I understand that the lead agency is relying on them to make its decision.
