

Housing Action Plan

In 2019, Redmond received a grant to develop a [Housing Action Plan](#). The Plan is currently underway and will identify specific strategies for ways in which the City can optimize housing supply, variety and affordability. The Housing Action Plan includes an analysis of the existing housing stock, current and projected housing needs and opportunities for housing. The community's vision has also been included through a variety of engagement opportunities. This information will help the City to develop strategies to address current and future housing needs.

Providing for affordable housing in Redmond with a variety of housing types is a priority for the City as outlined in our Community Strategic Plan.
