

MEMORANDUM

To: Redmond 2050 Community Advisory Committee

From: Jeff Churchill, Long Range Planning Manager

Date: March 11, 2021

Subject: Redmond High School Student Presentations on Redmond's Future

PURPOSE

Redmond High School students will share their ideas for Redmond's future as an extension of an English 9 Honors class assignment on rhetoric and the art of persuasion. CAC members are encouraged to ask questions after each presentation and to consider how the ideas might be integrated into the Redmond 2050 update to the Redmond Comprehensive Plan.

A huge *thank you* to all students presenting, and to RHS teachers Ollie Hurton, Kevin Joffre, and Victoria Rice for their enthusiasm in connecting the class curriculum to the Redmond 2050 effort. Special thanks as well to CAC Chair Xinyi Joffre for bringing this opportunity to City staff's attention.
