

Redmond Mayor Welcomes the Community Back to City Facilities

Hello, I'm Mayor Angela Birney. I'm very happy to welcome the community back to city facilities, and to enjoy Redmond's programs and events once again in person. As we make this transition, there are a few details I'll share with you now. I encourage you to follow the City on social media and to check the city's website at [redmond.gov](https://www.redmond.gov) for more updates as they become available.

Facilities are currently open from 10 a.m. to 3 p.m. Monday through Friday, including City Hall and the Redmond Community Center at Marymoor Village.

City Council meetings are now in person and online, while boards and commission meetings will continue virtually for the time-being.

All parks and trails are open dawn to dusk, with picnic shelters available for rentals. The splash pads at Downtown and Grass Lawn Parks are open, and the Farrel-McWhirter barnyard is open daily from 9 a.m. to 4 p.m.

On Mondays and Wednesdays, we continue to offer senior curbside lunches. Also, the senior virtual programs continue, and the Meals on Wheels program is available.

In mid-July we will be enjoying the reopening of the Redmond Pool.

We look forward to reopening the Bytes Café for Senior programs and the Old Firehouse Teen Center later this year.

And...have you heard? "Summers are more fun in Redmond". Be sure to visit the city's website for all the fun events, arts, recreational activities, summer camps, and live music including our pilot busker program this summer.

As we expand our facility hours, and continue to add more programs and events, I encourage you to follow the City on social media, to sign up for our weekly enewsletter, and to visit [Redmond.gov](https://www.redmond.gov) for updates. And when visiting city facilities or attending programs and events, always be sure to check the current COVID-19 safety protocols which will be posted at entrances. I wish you continued good health and happiness as we move forward together.
