Hello,

I'm not seeing approval of a TI for a religious use, and a "church" use is not listed as an allowed use in the TL 9A zone.

Thank you,

Hi Allison!

Thank you for responding to my call on Friday, regarding the property at the address below:

2903 NE 126th Place, Unit B240
Kirkland, WA 98034

Just wanted to confirm that per our conversation as of March 15th 2017 the City of Kirkland has no land use permits issued in the past or currently in review at the address (specifically, related to religious use).

Thanks much!

Yours very truly,
