

## RZC ReWrite Phase 2 Component Portal

This portal provides access to preliminary, conceptual code amendments, organized by topic, for your feedback.

Project Components by Overarching Topic	Interest and Focus The lists below, for each of the RZC ReWrite components, suggest interests and focus for which the component and code portions might align. These are for suggestion only to support your review.	Component Overview The Component Overview, linked below, provides background information and the scope of work for individual component.	Associated Code Portions Reflecting Amendments Several amendments may be reflected in the code portions, as linked below. The amendments address two companion projects: <b>REDMOND 2050</b> (policies) and <b>RZC ReWrite</b> (code improvements). Note the color coding used for the amendments, reflecting the overarching project, and the page headers and comments, explaining the general purpose of preliminary, conceptual amendments.
