

MEMORANDUM

To: Planning Commission

From: Ian Lefcourte, Senior Planner 425-556-2438
Planning and Community Development

Date: August 24, 2022

Subject: Redmond 2050 - Housing Element - Draft 2

PURPOSE

Staff will introduce Draft 2 of the Housing Element of the Redmond 2050 Comprehensive Plan update. Commissioners will have an opportunity to provide comments and feedback on the draft element, with a focus on the narrative and revised policies. **We will focus on what is new since the first draft .**

BACKGROUND

Draft 1 of the Housing element was presented and discussed at Planning Commission meetings on February 23, March 9, and March 23. The draft was published on the Redmond 2050 website with a questionnaire and was presented to City boards, commissions, committees, and other. Staff used the feedback to update the policies. Staff drafted new narrative to introduce the policies based on a Redmond 2050 element template.

At this time, there are no open (unresolved) items on the planning commission issues matrix for housing.

NEXT STEPS

Draft 2 of the Housing element is published for public review. The Community Advisory Committee provided input on the policies at its August meeting. Further community input will be sought beginning in September so as not to conflict with the invitation to provide input on the

Redmond 2050 Draft Environmental Impact Statement. Additional comments, feedback, and any policy direction from Council will be incorporated for a final draft, anticipated in Q1 2023.
