

Ali Haveliwala Kelsey - The mosque is open for folks to join our prayer services. The community center will be available for rent. The landscape plans are designed to further enhance to look and feel of our neighborhood. Our plan has always been to be inclusive, an integral part of the community and integrated. Which means that we will participate and give back on every occasion that we can. We have tried hard to work on these concerns with neighbors and would be happy to meet with the community once again like we have done in the past to address anything that we could address.
