Thanks Sarah..

This is what we were looking for.. and based on the information, we don't have any further questions.

Hi Karen,

I have attached the Landscape, tree and Mitigation Plans.

Please let me know if you would like anything else.

Sarah,

We have reviewed the Notice of Application for the proposed Hopelink project. The Critical Areas Report and the checklist describe trees being removed and a native planting plan proposed; however, we did not find the details of the proposed planting plan in the materials available for this project online. Can we get a copy of the planting plan for our review?

Thank you,  
Karen Walter
