BEFORE THE HEARING EXAMINER
CITY OF REDMOND

In the Matter of Appeal of
LARRY HOOPER

No. APP 112816
NOTICE OF APPEARANCE

Please note that I was going to attend the hearing as Mr. Hooper's long time friend and advisor. It was not my intent to formally appear. Mr. Hooper was always told it was an informal proceeding. It only became formal when I asked questions for him on the procedure. However, I may now wish to speak to Mr. Hooper during the proceedings, so based upon the email received today, that an advisor cannot speak at all to Mr. Hooper during the hearing without an appearance to avoid other consequences, I am making this formal appearance on his behalf in order that I may now speak with him during the hearing and therefore, now reserve the right to speak at the hearing. For the record, please note after 29 years of practice, I have never been accused of disrupting any proceeding or coaching a witness. However, to place the City's mind at ease, I am appearing for the Hoopers.

Dated this 14th day of February 2017.
