Steve,

I have been informed via the email below that the City has withdrawn its decision to deny the deviation, and that the Technical Committee will reconsider the application at the meeting scheduled for April 19. I have several potential concerns with this recent development that I would like to discuss with you as soon as possible. My thought is that discussing these concerns now may avoid further complications down the road. Is there a time today that we can have a brief phone conference?

Regards,

Mr. Rodabough,

I have received the following correspondence from City Staff regarding your appeal:

The Technical Committee at their meeting today (April 12) decided to withdraw the decision to deny the deviation request for undergrounding (DEVREQ-2017-00148) as expressed in the letter dated March 3, 2017 from Paulette Norman. The Technical Committee will take up the applicant's deviation request at their next meeting which is scheduled for April 19 or shortly thereafter. At the conclusion of this matter before the Technical Committee, the applicant will receive a written letter outlining the Committee's decision. This letter is an action that can be appealed.
