

# REDMOND 2050

From suburb to city

# Light Rail Accessibility Project

REDMOND 2050

Overlake Light Rail Accessibility Project Study Area

# Project Overview

- **Goal:** Comfortable and safe access to/from the stations for all ages and abilities
- **Review:** Public realm design (streets and sidewalks, lighting, seating, wayfinding, etc.)
- **Need:** Direct input from community members with disabilities on what works/doesn't and what they want/need
  - Staff & community participation needed
- **Result:** Recommendations on design standard updates (potential citywide impacts)
- **Learn More:** [www.redmond.gov/1924/Light-Rail-Accessibility-Study](http://www.redmond.gov/1924/Light-Rail-Accessibility-Study)

# Events/Activities

- On-site 'Walk & Roll' tours with community members with different types and levels of disabilities
- Focus Groups
- Stakeholder Interviews
- Design/Build Temporary Installation / Mock-Up
- Drafting/Presenting Recommendations for Design Standards Updates
