Subject: History of T & D 'Block' building

Hi Deb--Gary and I have been talking to the owner of the block building at the northwest corner of 164th and Cleveland, across from where the old T & D mill and store used to be. I believe that T & D used to use it for storage, but the owner is claiming that it was also used for retail. Could you please check the business license records to see if there was ever a license issued for either 16390 Cleveland St. or 7680 Gilman. Thank you. Jim
