**PARKWISE**  
PARKWISE IS THE PARKING MANAGEMENT SYSTEM IN DOWNTOWN ALBANY, OREGON.  
THIS ONLINE SYSTEM

## Introduction

Parkwise is a downtown parking management program operated under the umbrella of the Albany Downtown Association. We contract with the city of Albany to enforce parking zones within the downtown area to ensure there is plentiful customer parking.

There are several options for parking in downtown that vary depending on whether you are a customer, employee or resident. We provide four large public parking lots for customer convenience as well as an street parking. You can view the color-coded map to see the different zones within downtown. Listed below are the parking options.

[View Parking Map](#)

### Customer Parking

Customers may park free in any zone in downtown except lease lots. Look for signs on the street to determine time zones. Parking time zones are: All Day; Customer; 4-Hour; Customer; 3-Hour; Customer; 20-Minute and 10-Minute. Not every space is marked, so use common sense to determine how on-street spaces are zoned.

### Employee Permits

These are for employees on street parking in designated lots only. They are on a first come, first served basis and cost \$25 per month. No particular space can be reserved for permit holders.

### Lease Spaces

These are located in lots between 1st Avenue and 3rd Avenue, and 3rd Street. They are reserved for the individual leasing a particular space number. Lease spaces provide the only guaranteed parking in downtown for employees. The cost is \$20 per month.

### Daily Permits

These are available on a day-by-day basis for occasional use. These permits allow employees and others to access 3 & 4-hour customer only parking for the entire day. They can be used for long-term loading and unloading, temporary returns, temporary employees or any other valid reason that requires you to park directly your place of employment. There is a limit of 3 Daily Permits per month to each individual at a cost of \$2 each.

### Special Permits

These are designed for employees who are frequently in and out of the office and/or constantly loading and unloading supplies and need close access to their place of employment more than 3 times per month. These permits are available at the discretion of the Parkwise Policy Board and cost \$20 per month.

### Resident Permits

These have the same guidelines as employee permits, but are available for just \$5 a month with proof of residence in a legal residential dwelling.

### Employee Free Lot

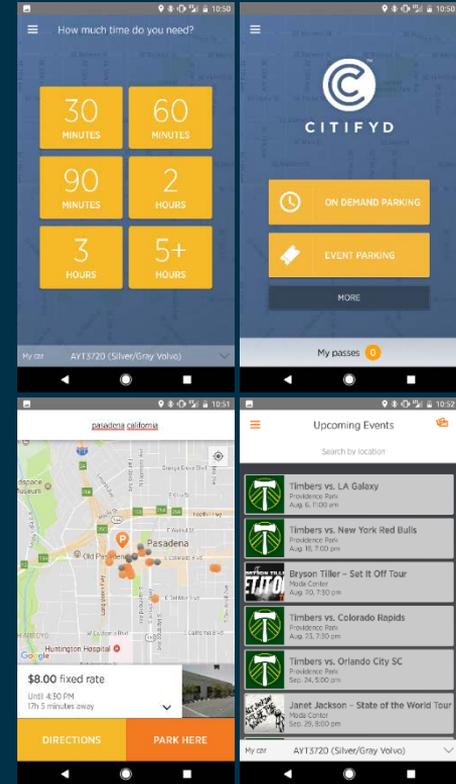

This lot is located on Water Street between Broadway and Ferry Streets. It is an all-day lot for any employee, resident or visitor who wants a free place to park legally within the permitted area of downtown.

### Contractor Permits

These are available to contractors working within the downtown enforcement boundary. All contractors receive one free parking day according to the customer zone they are parked in (if in a 2-hour zone then the first 2 hours are free, etc.). Contractor permits are not valid in lease spaces. These permits cost \$5 per day for each vehicle or space utilized. Monthly rates are \$75 for each vehicle or space.
