

# BIKE THEFT TIPS

---

## Always lock your bike up

- Invest in a strong u-lock or a new titanium band
- Use a strategic combo of locking tools when possible
- Avoid using a single basic cable lock...they are easily cut!
- Ensure unauthorized individuals don't follow you into a restricted area or parking garage
- If you are away from home, lock bike in visible, well-lit area

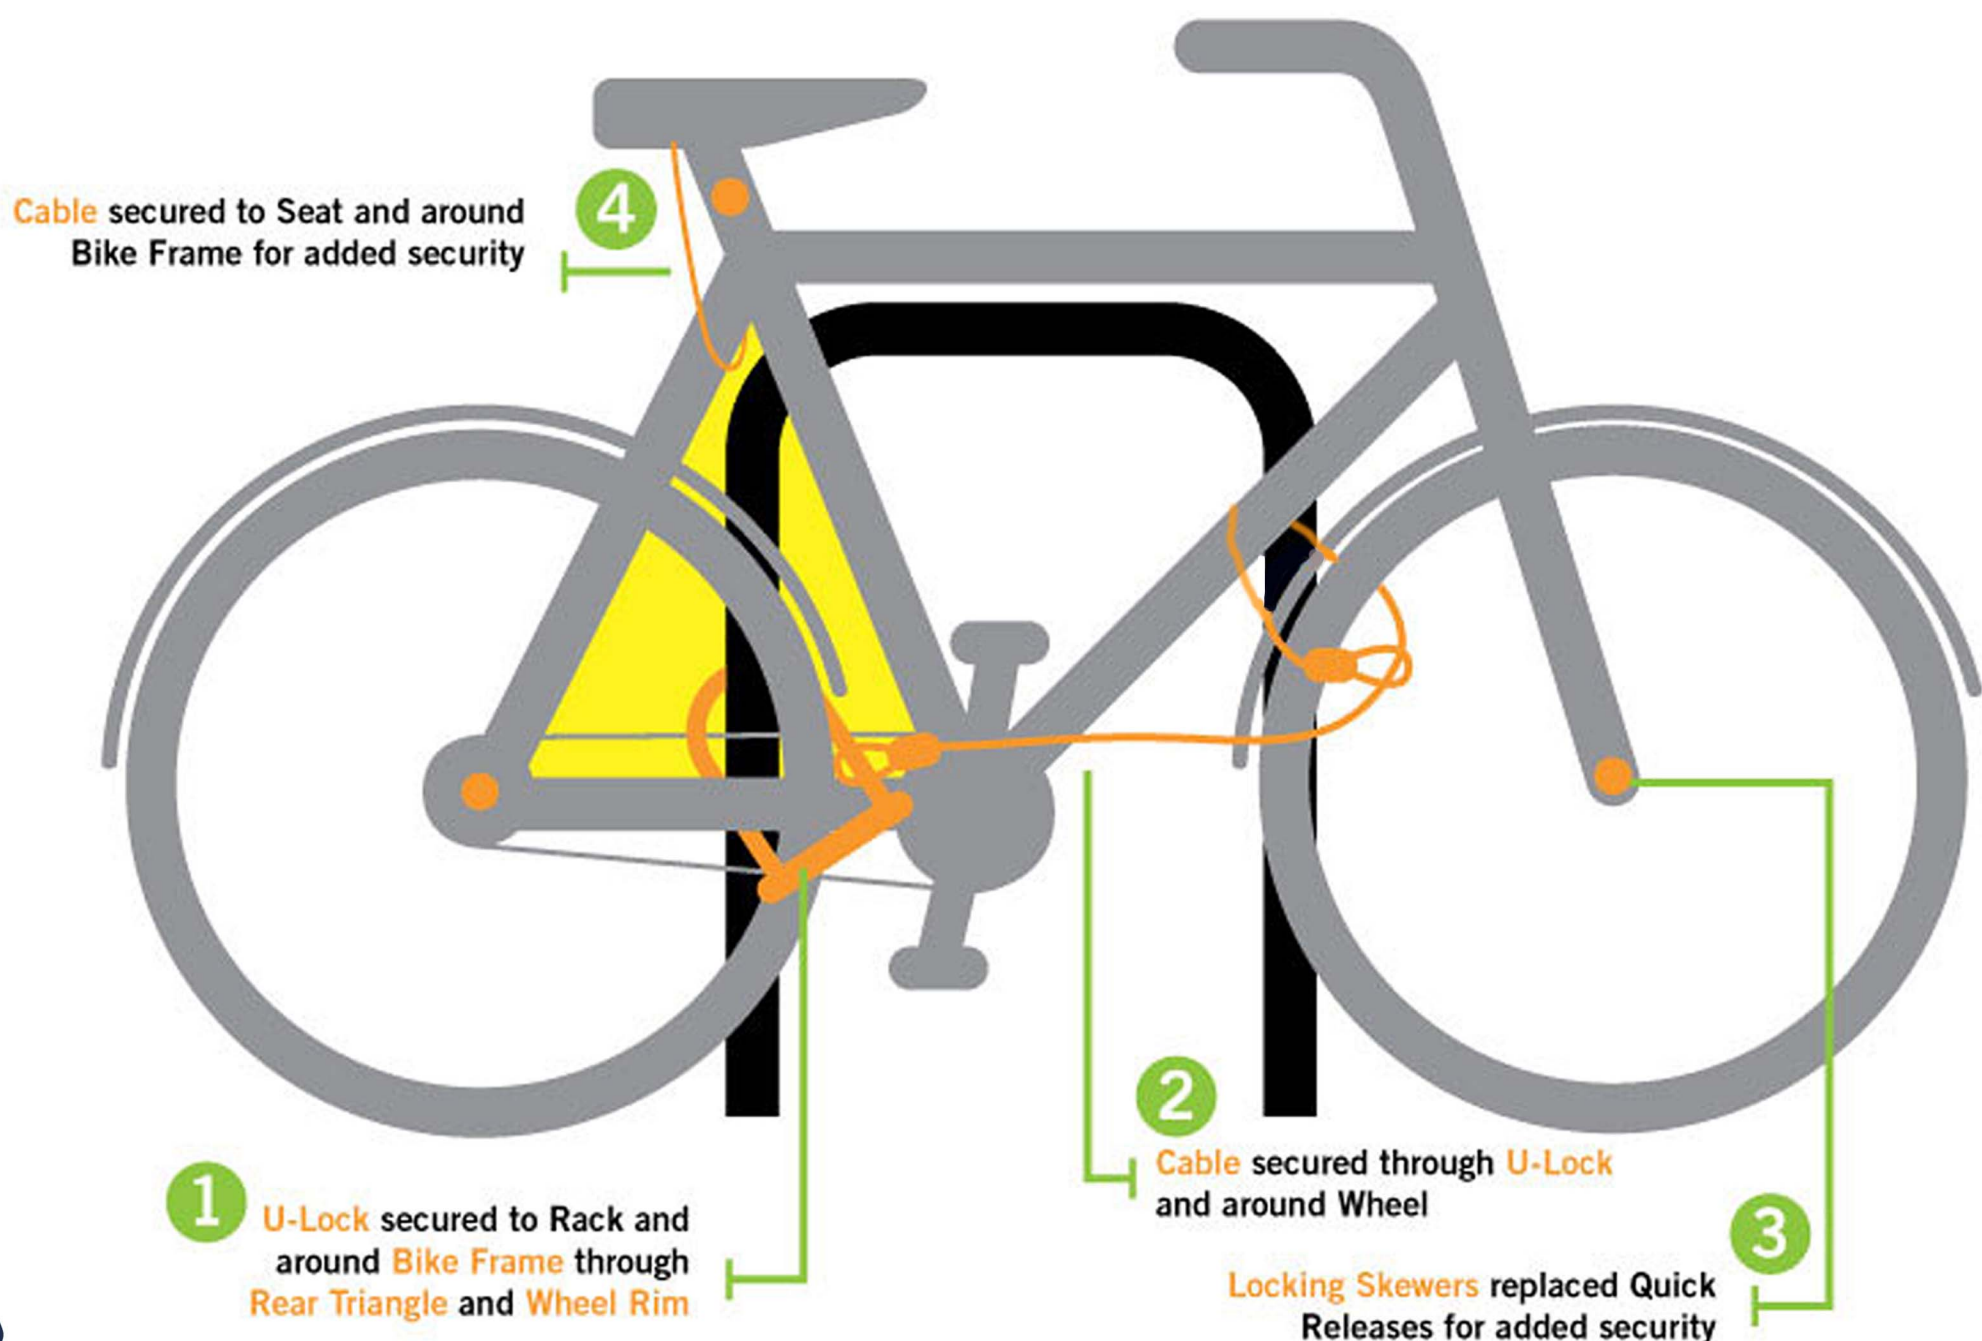

## Record serial number

- Log your info into [Trackmole.com](https://www.trackmole.com)

## Take a selfie with your bike

- Helps us return lost or stolen bikes much faster
