9. Describe the suitability of the area for the proposed designation, considering the adjacent land uses and the surrounding development pattern, and the zoning standards under the potential zoning classification.
  
10. What is the potential for the uses allowed under the proposed designation to be incompatible with uses or property in the immediate vicinity of the subject property? How would adverse impacts be mitigated?
  
11. Describe the extent to which the proposal supports: a) Redmond's preferred land use pattern as described in the Comprehensive Plan Land Use Element, and b) the community character object contained in Redmond's Comprehensive Plan. *See the Community Character or Land Use Element of the Comprehensive Plan or the elements specific to neighborhoods.*

Consider especially, whether the proposed change complies with the City policy HO-17, which would prohibit any rezone that reduces capacity for residential development without first approving another rezone that at least replaces the lot capacity elsewhere in the City.
